## BOYS SET DRIVE IN RFK DEATH

### Ask Law Making Gun Registration An Annual Event

By STEPHEN COOK

Two political activists from Terra Linda High School, who saw their presidential candidate win the California primary by the ballot then lose by the bullet, are organizing a gun control campaign for Marin.

Alfred Kerr, 15, of 666 Blackberry Drive, Terra Linda, and Paul Grosso, 14, of 588 Wisteria Way, Terra Linda, announced today that they will take their campaign against the bullet to Marin County Supervisors June 18.

**WORK FOR KENNEDY**

The boys, both freshmen at the high school, spent the last week of May and first few days of June working for the candidacy of slain Sen. Robert F. Kennedy.

With his death, they have begun a new campaign — to control the use of firearms, at least in Marin County. They have a three-point program to submit to the supervisors, Kerr said.

They urge a law requiring all weapons — handguns and rifles — to be registered in Marin each year. Each gun owner would have to be licensed to possess his firearms.

**LOCKERS FOR GUNS**

There should be county maintained lockers where hunters who own guns could store their weapons when not using them. This would cut down on gun thefts and murders in moments of rage, they said.

There should be a door-to-door campaign for gun surrender. Kerr envisions a police patrol car cruising slowly down a street, while teen-agers ring doorbells and collect the weapons people are willing to surrender. This collection should probably begin in late July, Kerr said..

"The way I think, if guns aren't quite as available, it will slow down mainly the type of shootings which occur in a fit of anger. The regular planned murders it wouldn't stop at all though," Kerr said.

Kerr said that he, Grosso and about 15 other Terra Linda students worked on the presidential campaign of the late senator from New York.

"We handed out leaflets, did some telephone calling, addressed envelopes and then did some precinct work on Tuesday," he recalled.

The youth said he and Grosso will have written copies of their gun control program ready to submit for this Friday noon deadline of the board of supervisors agenda next week.

Kerr also contemplates a

## Pollution Forecast: Very Dirty

I-J Special Report

SACRAMENTO — The amount of industrial waste being dumped into San Francisco Bay will jump by as much as 1,000 per cent by the year 2020, a report on bay pollution said today.

Sewage collection, treatment and discharge systems will have to be "greatly expanded and upgraded" if the waters of the bay and delta region "are to be protected adequately," said the report by the San Francisco Bay-Delta Water Quality Control Program.

The predictions were based on estimated population increases, employment, housing and land use trends for the 13-county area around the bay and Sacramento-San Joaquin Delta, said Raymond Walsh, program director.

He said an "action program" would be presented to the 1969 Legislature to take care of the anticipated waste loads.

By 2020, about 70 per cent of the industrial waste flow and 98 per cent of the industrial and agricultural loads will originate in the North Bay, including Suisun and San Pablo bays, the report said. Present pollution is concentrated in South San Francisco Bay.

The report also predicted a 100 per cent increase in the nitrogen wastes from San Joaquin Valley farms. Nitrogen is a principal element in the heavy growth of algae, which lowers water quality for most aquatic life — as well as for human use.

### Supreme Court At Same Time Clears Way For Challenge To Federal Parochial Aid

WASHINGTON (UPI) — The Supreme Court today upheld state laws allowing the loan of public school textbooks to parochial schools, but at the same time opened the way for a legal challenge to federal aid to parochial schools.

In another decision, the court upheld the authority of policemen to stop and frisk a person for weapons under reasonable circumstances.

The 6-3 opinion upholding the textbooks loan procedure came in a New York case where approximately $25 million-a-year is being spent to provide books to 300,000 parochial school students.

The ruling upheld the constitutionality of a 1965 state law.

The court then ruled 8 to 1 that six New York City residents had the right to have their challenge of federal school aid to parochial schools heard in the lower courts.

Chief Justice Earl Warren carefully noted that the decision did not touch on the actual constitutionality of the federal law, but was confined to granting the six challengers the right to take the issues into court.

The ruling upholding the "stop and frisk" rights of police came in three cases—two from New York and one from Ohio.

In the 8-1 opinion in the Ohio case, Warren cautioned that police must be governed by the Constitution's ban on "unreasonable searches and seizures." Justice William O. Douglas dissented in the Ohio ruling.

In other actions, the court:

Upheld the authority of the Federal Communications Commission (FCC) to regulate the multi-million dollor Community Antenna Television (CATV) industry. It ruled the FCC did not exceed its authority by blocking expansion of a CATV operation in San Diego so that hearings could be held.

Approved the 1966 federal law which extended minimum wage and hour protection to an estimated 1.65 million employees of state schools and hospitals.

In a 6-2 opinion the court held that "if a state is engaging in economic activities that are validly regulated by the federal government when engaged in by private persons, the state too may be forced to conform its activities to federal regulation."

Agreed to hear next term an appeal of a state court order limiting picketing by three striking unions to a single entrance of the Jacksonville, Fla., railway terminal.

In the 6-3 decision upholding New York's textbook loan law Justices Hugo L. Black, William O. Douglas and Abe Fortas dissented.

The test case—first of its kind in 20 years — was brought to the court by the school board of East Greenbush, a suburb of Albany, and school officials in Rensselaer, Columbia and Nassau counties.

The state law was challenged on the Constitutional provision requiring the separation of church and state.

The complaining school boards argued that the loan law runs counter to the ban on an "establishment of religion" and the guarantee of "free exercise" of religion.

They said the state is using its taxing power to support religious institutions and also requiring the taxpayer to contribute to the propagation of opinions in which he does not believe.

But White said the Supreme Court "has long recognized that religious schools pursue two goals, religious instruction and secular education."

## Saigon's Civilian Toll Soars

SAIGON (AP) — The civilian casualty toll from 22 days of Viet Cong rocket and mortar attacks on Saigon soared past the 500 mark today with another shelling on the densely populated central districts of the capital.

Gen. William C. Westmoreland, outgoing commander of U.S. troops in Vietnam, told a farewell news conference; "it's virtually impossible to stop this indiscriminate firing of rockets." Westmoreland leaves tomorrow for Washington to become Army chief of staff.

At least 15 of the 100-pound, Russian-made rockets tore into the city early today in the Viet Cong's terror campaign, setting several houses afire. Ten Vietnamese civilians were killed and 33 wounded. It was the 22nd day out of the last 37 that Saigon has been hit with rockets or mortars.

During the period, since the start of the Viet Cong's May 5 "peace talks" offensive against Saigon, 109 civilians have been killed and 413 wounded from enemy shellings alone, based on an unofficial tabulation of reports of the South Vietnamese military headquarters and the U.S. mission.

South Vietnamese military headquarters announced that overall, 433 civilians have been killed and 3,660 wounded in the last 37 days from both enemy rocket and mortar attacks and street fighting in the capital

## Tubular Tower Study Promised By PG&E

Pacific Gas and Electric Co. officials today agreed to study the possibility of tubular towers instead of the conventional latticed steel towers to bring high tension lines across Petaluma Creek to Ignacio.

John J. Burton, senior electrical engineer with the PG&E office in San Francisco, said the use of tubular towers is a possibility, but he does not want to give too much encouragement because tubular towers are just being tested to determine feasibility.

Burton spoke before the Marin County Planning Commission this morning. The planning commissioners, on a motion by Margaret Azevedo, voted 5 to 0 to ask PG&E to use tubular towers where possible and to continue exploration of combined overhead and underground towers in more sensitive areas. Dr. William F. Upton said he considers the towers across Petaluma Creek to be a "sensitive area," and this was added to Mrs. Azevedo's motion.

Burton said undergrounding the transmission line at the river would cost $1,630,000 as compared with $72,000 for overhead towers. He said the aim of PG&E is to underground in areas close to homes where the most people will benefit from the dollar spent on esthetics.

"Undergrounding across the Petaluma River is a sort of

## Marin Planners Seek Halting Any Bolinas Lagoon Dredging

Marin County Planning commissioners today recommended that the county supervisors oppose the dredging of Bolinas Lagoon at this time because the urgency of such dredging has not been established and the effect of it is not clear.

The motion, by Margaret Azevedo, was approved 5 to 0. Commissioners Walter F. Freitas and Niels Schultz Jr. were absent.

Bolinas Harbor District has applied to the Army Corps of Engineers for a permit to dredge 60,000 cubic feet of mud from the lagoon to improve the flushing action in the lagoon.

The commissioners pointed out that an ecological study of the lagoon is under way, with half the cost borne by the county, and said the dredging should await results of that study. Furthermore, information is lacking on whether the dredged mud, when dumped on shore, could be stabilized.

Albert Solnit, chief of advance planning for the county planning department, said he has serious doubts about the proposed dredging. "We're looking for more conclusive evidence of the urgency of the dredging."

He said the "piece-meal" dredging operation might invalidate toe ecological studies being conducted on the lagoon bottom.

Solnit reported he has reason

# Britain Orders King Slay Suspect Held

## Ray Faces Passport, Gun Counts

LONDON (UPI)—James Earl Ray, the accused assassin of Dr. Martin Luther King Jr., today was half-dragged into a magistrate's court where he was ordered held without bail on gun and passport violations in Britain. U.S. efforts to extradite him will come later, possibly this week.

Ray, a 40-year-old American escaped convict, then was taken under heavy guard to Brixton Prison to await another hearing June 18. His appearance in court lasted only 82 seconds during which he either scowled or screwed his face into a half grin as he answered "no" to two questions.

**ANOTHER HEARING**

U.S. extradition efforts will not have to wait until the second hearing. Embassy officials said both Missouri and Tennessee were preparing extradition papers — jail break in Missouri and the King murder charges in Memphis, Tenn.

American sources indicated the decision had not yet been made as to which, if either, of these states' possible extradition claims would be used. They said Ray could simplify things by waiving extradition—though he has not spoken on this matter—or Britain could simply deport him as an undesirable.

**'IN THE PROCESS'**

The British Foreign Office said it understood U.S. authorities were "in the process" of applying for Ray's extradition and that such a request would be "judged on its merits."

U.S. Asst. Atty. Gen. Fred M. Vinson Jr., who flew to London yesterday to try to speed up extradition, met with senior Scotland Yard officials after the hearing to discuss steps to be taken towards extradition. The formal request will be made by the U.S. State Department through the embassy.

Vinson saw Ray briefly yesterday, but American sources said he did not ask him whether he would waive extradition and the embassy said it still does not know Ray's attitude.

**UNDER HEAVY GUARD**

Ray was brought into court by 12 police guards, almost shuffling as they propelled him along into a courtroom where for the first time in memory every person entering the magistrate's court was searched by detectives. The detectives themselves were armed which is unusual for Britain.

Magistrate Frank Milton, especially careful of Ray's civil rights championed by King in the United States, asked Ray if he objected to limiting press coverage of his hearing and if he had a lawyer. He answered "No" to both questions.

Milton granted him legal aid, a free attorney, and ordered him held in jail until at least June 18.

*MERCENARY INQUIRY*

## Was Ray Plotting An African Trip?

LONDON (UPI)—A man calling himself Raymond Sneyd telephoned the London Daily Telegraph several times during the last week inquiring how he could become a mercenary in Africa.

Reporter Ian Colvin told of the calls in a front page dispatch in the newspaper last night. Sneyd is the alias used by James Earl Ray, the accused assassin of Dr. Martin Luther King Jr., who was arrested at a London airport Saturday.

Colvin, who said he fielded the calls because he had written several dispatches about foreign mercenaries in Africa, said he got the first call June 4.

"This is Raymond Sneyd," the man with a Canadian or American accent said. "I want to join my brother who has been missing in Angola."

Colvin said the caller asked if he could be put in touch with a British mercenary officer who might be able to help. The reporter contacted Maj. Alistair Wicks, former second in command of a mercenary force in the Congo, but the name of Sneyd seemed to mean nothing to Wicks.

On Thursday, Colvin said, the man called again, this time saying his brother was not missing but that he had not seen him for four months. The caller said he didn't want a search started for his brother as much as he wished to become a mercenary in Africa himself. Colvin said he gave the man an address in Brussels where he might get more information.

In his last contact with Sneyd, Colvin said, he sent him a postcard suggesting he pursue his inquiries through the consular section of the foreign office.

"When I heard of the arrest...the disjointed conversations of the past week at last became clearer," Colvin said.

*NATIONAL MOURNING*

## Marin Churches Key Services To Kennedy

COMBINED AP & UPI

Churches throughout the nation were crowded yesterday on the national day of mourning for Sen. Robert F. Kennedy. Speakers at many memorial services called his assassination a symptom of a sickness in society. (See other stories pages 6 and 7.)

In California from Eureka to Monterey, thousands stood in lines and prayed in churches. Their tone was restrained, and their grief was deep.

In Marin County church services were keyed to the death of Senator Kennedy.

Many public events, picnics of service organization and private parties were canceled.

Some charitable activities, such as the Marin Ballet aquacade for the benefit of Marindale School for Orthopedically Handicapped Children and a dance by American Indians for inmates at San Quentin Prison, were dedicated to the memory of the slain senator.

In San Francisco's Grace Episcopal Cathedral atop Nob Hill, 2,500 persons heard a plea to "realize there is hope for the future" during an ecumenical service of memorial and affirmation by Christians and Jews.

"Robert Kennedy, murdered in the cause of justice, has joined the fellowship or martyrs," said Rev. Eugene J. Boyle, director of the Commission on Social Justice of the Roman Catholic Archdiocese of San Francisco.

"We must not wallow in morass of despair," he preached. "We must pick ourselves up and realize there is hope for the future."

A few blocks away, in the Third Baptist Church, the voices of a Negro choir united in the "Battle Hymn of the Republic." Then Cantor Joseph Cycowski intoned "El Mole Rahameem," a part of a Hebrew prayer for the deceased.

Commenting on the slayings of the senator; his brother, President John F. Kennedy, and Dr. Martin Luther King Jr.,

# Westmoreland Rules Out 'Classic' Victory

SAIGON (UPI)—Gen. William C. Westmoreland today said an Allied military victory in Vietnam is impossible "in a classic sense." He also warned against expecting an early Communist defeat.

"Trends are favorable, but it is unrealistic to expect a quick and early defeat of the Hanoi-led enemy," the departing American commander in Vietnam told newsmen in a prepared statement.

Asked if military victory was possible, Westmoreland then said with a stern face, "Not in a classic sense, because of our national policy of not expanding the war.

"But the enemy can be attrited, the price can be raised —and it is being raised to the point that it could be intolerable to the enemy."

The general is to leave tomorrow to become Army chief of staff. He said in his statement: "At this time our military posture is at its height since our commitment. We are now capable of bringing major military pressure on the enemy."

He declined to say when and to what extent U.S. troops might be withdrawn from Vietnam. But he said that by late next year South Vietnamese forces might be taking on "a greater share of the load and possibly this could trade off some of our troops."

Westmoreland said the Viet Cong shelling of Saigon would perhaps subside "as we acquire a little more intelligence."

"But to stop the indiscriminate firing of a few mortar rounds, a few rocket rounds, in consideration of the wide open and very chopped up and difficult country around Saigon, it is almost an impossibility, he said. He said the shelling was of "really no military consequence."

# French Political Campaign Opens With Sporadic Unrest

PARIS (UPI)—Molotov cocktail bombs were thrown into two Gaullist party buildings today at the start of a bitter two-week national election battle.

The gasoline bombs marked the first reported violence in the campaign in which the fate of President Charles de Gaulle's "strong man" Fifth Republic was the main issue at stake.

The country's 28 million voter scast their ballots June 23 and again in runoff voting June 30 for a new national assembly. Unidentified assailants threw a Molotov cocktail into offices recently opened in a Paris Left Bank building as a Gaullist campaign office.

Soon afterwards another Molotov cocktail was tossed into a nearby small Left Bank hotel used as a headquarters by Gaullist students.

Both bombs caused some damage, but no one was hurt.

Police said that 200 youths armed with bicycle chains, slingshots and knives were picked up early today near the strike-hit Renault automotive plant at Flins, 25 miles west of Paris.

The great French strike, which started with demands for more pay and led to cries for de Gaulle's ouster, was in its fourth week today. Although it continued to crumble slowly, about one million of the 10 million workers who were on strike at the end of May still were off the job.

Former Premier Georges Bidault, a bitter foe of de Gaulle, announced today he would not be a candidate in the elections. He made a dramatic return to France Saturday after six years of self-exile in Brazil and Belgium. He headed an illegal resistance movement in 1962 against Algerian independence.

# Hanoi Notes Contain New Saigon Push

WASHINGTON (AP) — Captured documents released by U.S. officials indicate Hanoi is pressing for fiercer fighting in Vietnam aimed at toppling the Saigon government during the Paris peace talks.

"Unless a major military victory is achieved," said one of the documents, "nothing can be expected from diplomatic struggles."

Another said the United States advocated the peace negotiations to placate world and American opinion but the U.S. objective remains "to maintain the puppet army and government, i.e. to maintain neo-colonialism.

"However," continued the Hanoi document, "our objective is the toppling of the puppet government and the disintegration of the puppet army in conjunction with a U.S. withdrawal."

Some of the papers—including a calendar notebook recorded by a soldier believed to be from the 271st Regiment of the 9th North Vietnamese-Viet Cong Division—indicate the scope of North Vietnamese aims in current offensives.

A May 5 entry said the mission was to send large forces against southern cities, expand North Vietnamese military and political forces, disrupt communications between Saigon and the capital's Cholon district.

# Kennedy Rock Band Wake Off For Lack Of A Permit

SAN FRANCISCO (AP) — Police argued for three hours yesterday in Golden Gate Park with the Jefferson Airplane and the Grateful Dead.

In the end, the Cub Scouts won out.

As more than 3,000 people waited for sounds that never came, police stood firm on their demand that the rock musical groups have a concert permit.

"This is not a concert," said Bill Thompson, the Airplane's manager. "It is a wake for the late Sen. Robert Kennedy, and the Cub Scouts would like the music."

Finally the people left and turned Speedway Meadow over to the Cub Scouts, who had a permit.

"The wake would have been over by now," lamented Thompson.

# Junior High Students Now Film Makers

By BRYCE W. ANDERSON

It wasn't exactly the Cannes Film Festival, and the assembled critics were more easily pleased than those of the world's press. But the verdict seemed to be unanimous that "The Glorious Whitewasher" and "The Lottery" were pretty fine short movies.

The two were shown Friday night at Davidson Junior High School in San Rafael. The audience was made up of parents of the pupils.

Members of the drama film workshop — a part of the drama class att he junior high — not only acted in the two movies, but filmed them, dubbed in titles and sound effects (and voices, because the original sound track failed) and staged the presentation.

"The Glorious Whitewasher" was made during the fall semester, from a play based on the fence-whitewashing incident in Mark Twain's "Tom Sawyer." "The Lottery," a macabre story of a local superstition which causes one person chosen by lottery to be stoned to death each year, was done by the spring semester class.

Twenty-nine students — virtually the whole class — appeared in the latter, which included crowd scenes. Director for both productions was Kenneth Rosenberg. Music direction for both was by Cindy Hill.

The class even went "on location" in filming "The Lottery," taking some "footage" on a Novato farm. But aside from that, the school and its environs provided the settings for both films.

With two films already to its credit, Panther Productions — the name the students gave to their project — appears to be well launched as Marin's youngest film producing organization.

military district that includes Saigon and surrounding Gia Dinh Province. Headquarters said 16,269 houses were set afire and destroyed or damaged.

It was considered reasonable assumption that most of the property destruction was caused by the massive fire power of allied troops. They used bombers, artillery, tanks and helicopter gunships to root out Viet Cong guerrillas in abandoned houses.

The U.S. mission reported that street fighting and shellings in the capital military district since May 5 have left 161,000 persons homeless. Some of the refugees eventually will be able to return to their homes once their districts have been declared secure.

On the military side, government headquarters reported that allied troops have killed 5,316 Viet Cong and North Vietnamese troops in and around Saigon since the enemy command launched its May 5 attacks. Another 433 enemy and 1,750 weapons were reported captured.

South Vietnamese losses were put at 261 killed, 1,032 wounded and 40 mission for the same period. A breakdown on U.S. and other allied casualties was not immediately available.

ESCAPEE — James Arthur McFall, 25, was reported still missing today from the San Quentin Prison ranch after escaping Friday night. He was serving a sentence of six months to five years for auto theft, and arrived at the prison from Humboldt County on April 1. He is five feet, 10 inches tall, weighs 252 pounds, and has hazel eyes and brown hair.

waste of money," said Burton. For the same cost ,the company can underground 10 to 15 times as many distribution lines (close to homes) as it can high tension transmission lines, Burton explained.

Commissioner Michael Praszker pressed for undergrounding of the entire four miles from the Petaluma River to the Ignacio substation, pointing out that the public ultimately pays the cost. Burton said the cost of undergrounding the entire line would be about $60 million, as compared with the $3.7 million anticipated for overhead lines. He said undergrounding the entire length is economically unfeasible.

Richard Alves of PG&E pointed out that the county planning staff had approved the overhead towers in 1961, and the rights of ways have been purchased for $175,000. About 21 towers are proposed, ranging in height from 98 feet to 218 feet.

County Planning Director Paul C. Zucker said the location of the proposed towers is "unfortunate." However, "we can't come up with an specific recommendation to change it, and our conclusion is that we may have to live with it."

He added he would rather see undergrounding of lines along the flatlands near Black Point Cutoff than across the river.

Archbishop John F. Dearden told 1,200 worshippers in Detroit:

"Violence has come to be accepted in the United States. Violence has settled on us like smog sits on some of our industrial cities. . . . "

At an ecumenical mass for Kennedy in Philadelphia's Cathedral of St. Peter and Paul, Rt. Rev. Msgr. Philip J. Dowling called for a renewed effort to raalize peace on earth.

A special memorial mass was celebrated by Roman Catholic Archbishop Terence J. Cooke of New York in St. Patrick's Cathedral, where final rites for the seantor were held on Saturday.

At the White House, evangelist Billy Graham conducted private services for President Johnson and his family and some members of the staff.

In Rome, Pope Paul VI, speaking to thousands in St. Peter's Square, termed the slaying of Kennedy "madness and loathing and therefore a stimulus for an everlasting and healthy spiritual reaction."

At Hyannis Port, Mass., airport yesterday more than 200 mourners stood in silence as Mrs. Rose Kennedy, mother of the late senator, returned from his burial near his brother in Arlington National Cemetery, where nearly 60,000 persons visited the gravesite.

campaign by teen-agers to persuade Marin residents to write their congressmen, senators, assemblyman and state senator to urge passage of stiff gun control laws.

Marin residents, meanwhile, were not waiting until mid-summer to turn in their weapons.

Jerry Hense of 4761 Paradise Drive, Tiburon, called the Independent-Journal Saturday to announce he was turning over his 9-milimeter Beretta to police. He referred to the story of the gun which killed the senator:

"I read this story on the gun being passed around from hand to hand and I don't want that responsibility."

He said he has had the weapon four years. He bought it from a gunshop "solely for protection."

Lavern Augustine of 32 Harte Avenue, San Rafael, came to the sheriff's office yesterday to surrender two pistols — a .38-caliber five-shot gun and a .22-caliber eight-shot weapon.

He told officers he no longer wanted the weapons in the house and did not know how to get rid of them without the guns passing to someone else.

Deputies promised they will be turned over to the Coast Guard for dumping at sea.

Jane R. Tedmon of 273 Cleveland Avenue, Homestead Valley, called a deputy to her house Friday afternoon, too him to the living room and reached behind some wooden paneling to produce an old automatic pistol.

She took the gun from a teenaged boy two years ago, she said, and just did not want it around any longer.

## Joint Special Session Slated

A joint meeting between the Corte Madera Town Council and the town's boards and commissions has been called to consider town problems and projects at 7 p.m. June 18 at Bob's of Marin.

Among the items to be discussed are the city-county planning council, a possible sanitary district merger, Marin County Transit District and the Marin County Economic Opportunity Council.

The group will also consider bay front planning, the library and the unincirporated "islands" in the Corte Madera area, all of which the council plans to discuss with the Marin County Board of Supervisors on June 26.

Capital improvement projects now underway in the town and others planned for the future will also be described.

JIM KEAN
Wins top prize

## I-J's Kean Wins Top Prize Again

Independent-Journal photographer Jim Kean — for the second year in a row — has won the $200 first prize for the best "spot news" photograph in the annual California Press Photographers Association competition.

Kean's winning picture, titled "Asphalt Anguish," appeared in the I-J July 4. It shows a father, his head bowed into his hand, kneeling over his son, who had been thrown from his father's truck when it overturned on Highway 101.

The picture won honorable mention in February in the California Newspaper Publishers Association Better Newspaper Contest.

Kean received the prize at an awards dinner Saturday in Las Vegas.

Last year, Kean won the first prize for his picture of a smoke-shrouded San Rafael fireman gasping for air at the window of a burning apartment house.

to believe that the dredging is the forerunner of other construction, such as boat piers and berths.

"It's either a step to justify the existence of the harbor district or a foot in the door or the beginning of something to follow," said Michael Praszker. "I can't see any bona fide necessity for dredging at this time."

Marin supervisors have set a joint meeting with the Bolinas Harbor District directors at 8 p.m. Friday to discuss Bolinas Lagoon and the possibility of dissolving the harber district so that the county can take over control of development on the lagoon. Chairman Hugh Dougherty said the meeting was originally set for the board of supervisors' chambers at Civic Center, but he has heard some talk of having the meeting changed to a location in Bolinas.

The harbor district board was not notified of today's planning commission discussion of proposed dredging in Bolinas Lagoon, a district official charged today.

Norman T. Gilroy, planning consultant for the harbor board, said that since the planners did not notify the board, harbor directors could not present their side of the question.

The commission recommendation was made "without full presentation of the facts," Gilroy said. He said the harbor board is seeking a rehearing of the question before the commission.

Clerical workers in the planning department said the failure to notify the harbor district was a clerical oversight.

A secretary said Gilroy paid a $1.75 fee Wednesday to put the district on the mailing list to receive planning commission agendas, but that today's agenda had not been sent.

## Market Noise On Agenda Again

Still upset by noise from the refrigeration system of the new Short Stop Market at 1601 Sir Francis Drake Boulevard, a handful of Fairfax residents plan to demand action to abate it from the city council when it meets tonight at 8 p.m. in the Fairfax Women's Club.

George R. Weddleton of 18 Kent Avenue, adjacent to the Market, stated, "Four months is enough. We've been promised a solution. We've been patient while the city council has talked instead of acting.

"The attempts at squelching the sound of the refrigeration system have not done the job. Five families are thinking of putting their homes on the market. I don't want to move. I love my home, and besides with that noise who would buy it?"

# Fifth Graders Submit Poetry To Fallen Senator

Miss Ruth A. Levin's fifth grade class at San Clemente School in Corte Madera had taken a deep interest in the California presidential primary election Tuesday.

They held their own classroom polls, voter registration and mock election. Sen. Robert F. Kennedy was the choice of 70 per cent. Many told their teacher they were not voting as their parents were.

**Wednesday, said Miss Levin, "the class was eager to bring in election news, but instead they arrived, some in tears, with the shocking news of the assassination."**

Miss Levin and the class read John Donne's Meditation XVII, which reads in part, " . . . No man is an island . . . "Therefore, never send to know for whom the bell tolls. It tolls for thee."

Then, as Senatory Kennedy lay dying in a Los Angeles hospital, the youngsters tried to write their own thoughts. Among them were the following:

**ROBERT KENNEDY WAS SUCH A MAN**

When a baby is born, he may seem like nothing.
But then you think, he is for something.
Robert Kennedy was such a man.
A man for kindness, peace, and equality,
His kindness and goodness showed through in full generosity,
But then, an assassin's bullet plunged through his head,
We are still lucky he is not dead.
For only his braveness and determination keeps him alive.
Robert Kennedy was such a man.

—Wendy Ng

**WHY?**

Why are there murders every place?
How did they become in the human race?
Kennedy and King died also.
Now Robert Kennedy got shot.
Will he go . . . ?
Mad men get guns they say, "Oh boy!"
They use them like a toy.
Mad men shoot people off street blocks.
They die like the ticks of clocks.
There are murders in the human race.
They are happening every place!

—Michael Miller

# Woman Says Inn Proprietor Rude, Wants License Voided

A Berkeley woman has asked the Marin County Board of Supervisors to revoke the license of an Olema restaurant whose owner, she charges, was rude to her and three other persons May 30.

In a letter to the board, Miss Jo Ann Woods said the incident occurred when she and a male friend stopped at Clay's Farm House Inn in Olema. She said that a neatly dressed girl whom she did not know went inside the restaurant, which sports a "No Hippies" sign above the door, and got a menu to show to a hippie man sitting in a car outside.

The proprietor grabbed the menu from the girl, said Miss Woods, made some nasty remarks about "such filth," and rushed back inside and bolted the door. Miss Woods and her friend decided to leave and were ordered to "leave the damned door alone."

She asked the supervisors to revoke the inn's license, and also asked the State Alcoholic Beverage Control board to revoke the restaurant's liquor license.

County counsel Douglas A. Maloney said today that the supervisors have no authority to revoke a restaurant license except on the basis of health standards. An agent for the ABC board in San Francisco declined to comment on the case.

Inn proprietor Clay L. Wright confirmed that the incident had occurred. He said that the girl with the menu was "dressed fair, but you should have seen the fellow with her. I certainly wouldn't have him in my place, and I wouldn't have him sitting outside my place, either."

Charlotte, N.C., was named for the wife of King George III of England.

# Engineer Cut Speed In Jersey

ELIZABETH, N.J. (AP) — Investigations have been launched into the accident that killed two persons as they stood on railroad tracks to view Sen. Robert F. Kennedy's funeral train.

The victims were struck by a northbound train coming around a bend just as they watched the southbound Kennedy train move through the Elizabeth station.

A spokesman for the Penn Cenral Railroad said yesterday that because of the Kennedy train, special safety precuations were being taken by the northbound train involved in the accident.

David E. Smucker, vice-president of operations for the line, said the engineer of the northbound train had been told by two-way radio that the tracks were crowded with mourners.

"In response," Smucker said of the engineer, "he had reduced the speed with which he proceeded around the S-curve from the allowable rate of 55 miles an hour to approximately 30 miles an hour."

"And," Smucker added, "he was repeatedly sounding the locomotive horn."

The victims were Mrs. Antoinette Sevirini and John P. Cruia, both 56 and both of whom lived in the same apartment development in Elizabeth.

Mrs. Sevirini's grandaughter, 3-year-old Debra Ann Kwiatek of Linden, was the only one of the five injured who remained hospitalized today.

Joseph Fausti, 18, who was critically burned in Trenton when his head touched a high tension wire as he stood on a boxcar to view the train, is in the intensive care unit at St. Francis Hospital with burns over most of his body.

## THOUSANDS VISIT ARLINGTON'S NEWEST GRAVE

Thousands filed past the grave of Sen. Robert F. Kennedy, marked by a plain white cross, at Arlington National Cemetery yesterday. In the foreground a guard carries a floral gift to a designated place to the right of the grave. The umbrellas were used late in the day when a heavy rainstorm soaked the Washington area.

# Schlesinger Urges Hoffer, Hruska To Quit Commission

WASHINGTON (UPI) — Historian Arthur M. Schlesinger Jr. called yesterday for Sen. Roman L. Hruska and Eric Hoffer to resign from President Johnson's commission on national violence, accusing the two of having prejudiced opinions on the issue.

"One member of the commission, Sen. Hruska of Nebraska, has been a leading spokesman in the Senate for the gun lobby and the National Rifle Association," Schlesinger said in a television interview (CBS—Face the Nation.)

"Another member of the commission, Eric Hoffer (of San Francisco), already prejudged the thing by saying this was some Jordanian who shot Sen. Robert F. Kennedy and the American people shouldn't feel the slightest connection with this."

Johnson named Hoffer, a longshoreman turned philosopher, and Hruska to the 11-member commission Wednesday after Kennedy was mortally wounded in Los Angles. He charged the panel with investigating the causes of violence throughout American life and institutions.

Schlesinger, Schweitzer professor of the humanities at the City University of New York, told his interviewers "putting Sen. Hruska on this commission is like sending Typhoid Mary to stop a Typhoid epidemic."

He added, "I would suppose, since Sen. Hruska and Mr. Hoffer are both responsible men, that they would recognize the inappropriateness of their position on this commission and would resign, and would give President Johnson a chance to reconstitute the commission and make it a serious one.

# Wounded Improving In Hospital

LOS ANGELES (AP) — Only two of the five persons wounded when an assassin's bullet felled Sen. Robert F. Kennedy remained hospitalized today.

Spokesmen for the Kaiser Foundation Hospital described as in good condition both Paul Schrade, 43, western regional director for the United Auto Workers Union, and William Weisel, 30, of Washington D.C., a unit manager for the American Broadcasting Co.

Schade's brother Bill told the Associated Press Schrade was improving steadily.

Weisel, shot in the left side, said he expected to return to Washington later this week.

The others wounded Wednesday morning were Elizabeth Evans, 43, of Saugus, Irwin Stroll, 17, of Los Angeles, and Ira Goldstein, 19, of Encino. All have returned home.

# Sirhan Asks 'Name' Lawyer For Defense

LOS ANGELES (UPI)—Sirhan Bishara Sirhan has asked the American Civil Liberties Union to help find a "big name" lawyer to defend him against the charge of assassinating Robert F. Kennedy.

A. L. Wirin, noted constitutional lawyer and chief counsel of the Southern California ALCU, has been visiting Sirhan daily in his cell and planned to do so today.

This week Wirin will ask presiding Judge Richard Schauer of Los Angeles Superior Court to call on the Los Angeles Bar Association and other legal groups to obtain a defense attorney.

Superior Judge Arthur Alarcon rejected Wirin's motion at the arraignment for "one or more outstanding lawyers" to be appointed to defend Sirhan but indicated he would reconsider the request at a later time.

Wirin emphasizes that the ALCU has not undertaken the defense of Sirhan and has commended the courts and prosecution for vigorously protecting the defendant's rights, rare praise from the ALCU.

Meanwhile, Sirhan remained under heavy guard in the second floor hospital ward of Central Jail. Newspapers are distributed in the ward and deputies said Sirhan probably had seen photographs of the funeral of the man he is accused of killing June 5.

# Sen. Kennedy Blamed For Assassination

JERUSALEM (UPI)—According to the father of the accused killer, Sen. Robert F. Kennedy was to blame for his own assassination.

"It's Kennedy who was to blame for what happened. It was his tongue which led to his assassination," said Bishara Sirhan, 52, last night.

Kennedy had "insulted the Arabs enough," said the father of Sirhan B. Sirhan, the Jordanian citizen, accused of the fatal shooting of Kennedy in Los Angeles Tuesday night.

The elder Sirhan also said he is now sure the shooting "was carried out entirely on my son's initiative and alone." Earlier he had said his son had been "put up to" the assassination. The father told newsmen that a friend just back from the United States changed his mind and "put things straight for me."

In Cairo, the semi-official Middle East News Agency MENA said last night in a dispatch from Baghdad that the accused killer's brother Soliman has been arrested months ago by the Iraqis as an Israeli spy.

The Amazon's 3,900-mile length is exceeded by the Nile's 4,145 miles. But the area drained by the Amazon — some 2,368,000 square miles from the Andean highlands of Bolivia, Peru, Ecuador and Colombia to the Atlantic Ocean — is nearly twice that of any other river.

# Shot Kills Jordanian In Chicago

CHICAGO (AP) — Police today arrested Aaron Myers, 19, in connection with the death of a Jordanian grocer who they had speculated may have been shot in revenge for the assassination of Sen. Robert F. Kennedy.

Myers, a Negro, was charged with the murder of Abder Rayyan, 55, the father of nine children Policeman Robert Bonner said. Police declined comment on the arrest.

Rayyan was shot in the head Saturday as he bent over a vegetable bin in his store, his daughter, Zuhdeia, 22, who witnessed the shooting, told police.

She said two Negro men entered, one of them pulled out a pistol and they walked silently to where Rayyan was working. The gunman put the pistol behind Rayyan's left ear and fired.

The Alaskan Highway was built with the cooperation of Canada for defense purposes during World War II. Construction began in April 1942 and was completed in November.

# Chauffeur Hit, Robbed After Burial

WASHINGTON (UPI) —A chauffeur for the late Sen. Robert F. Kennedy said today he was beaten and robbed by seven youths early yesterday as he was returning home from the Senator's burial.

The driver, L. Edgar Morrow, 45, told police the youths took his wallet containing three gasoline credit cards in the name of the late Senator.

Morrow said the attack occurred when he parked near his northeast Washington home after taking the Kennedy family to their McLean, Va., estate following the burial ceremony at Arlington National Cemetery.

# Prelate Says Friends Ask Politics End

NEW ORLEANS (AP) — The archbishop of New Orleans says close friends of the Kennedy family are asking Sen. Edward M. Kennedy, the only surviving brother, to drop out of national politics.

In an interview yesterday with the New Orleans Times-Picayune, Archbishop Philip M. Hannan said the natural reaction is for family and friends to discourage the Massachusetts senator from pursuing a career in politics.

The prelate, a friend of the Kennedys, presided at graveside services for the assassinated Sen. Robert F. Kennedy at Arlington National Cemetery Saturday night.

The archbishop said he could not predict what Edward Kennedy's decision will be.

## Strict Firearms Petition Effort Is Announced

A volunteer petition effort to promote a stricter firearms control legislation and a new commission to investigate causes of violence in the United States was announced today by Mrs. Helen Merret, Larkspur businesswoman.

Petitions addressed to all California congressmen are being circulated, she said. One asks "immediate action in the passage of a firearms control bill." The other asks creation of "a commission to investigate causes of physical violence, which we believe will promote human understanding and brotherly love."

Copies of the petitions are available at Dollars and Sense, 1100 Magnolia Avenue, Larkspur, and at the Unitarian-Universalist Church of Marin, 19 Channing Way, San Rafael, reported Mrs. Merret.

Police found Williams at about 7 a.m. in Larkspur after tracing his car through the license number Blackburn gave him.

Corte Madera police tests of paint scrapings were being made to see if Williams was also the driver who hit a car owned by Dona L. Otey at 9 Palm Avenue early Sunday.

Williams was released from Marin County jail on $289 bail.

## U.N. Committee Expected To Pass Nuclear Treaty

UNITED NATIONS, N.Y. (AP) — The U.N. General Assembly's main political committee is expected to give overwhelming approval to the treaty proposed by the Soviet Union and the United States to prevent the spread of nuclear weapons.

A 47-nation resolution recommending the treaty to governments of all nations for signature and ratification appeared likely to get between 100 and 110 favorable votes today with only Albania and possibly Cuba and Tanzania voting no and the rest of the U.N.'s 124 members abstaining or absent.

The Assembly is expected to approve the resolution tomorrow or Wednesday, and the end of the 22nd session is expected Wednesday or Thursday. The session ran from Sept. 19 to Dec. 19, then resumed April 24 to take up the nuclear treaty and the question of South and West Africa.

Camaro's 327 V8 is standard. That's because we have higher standards.

The standard V8 you get in Camaro is actually pretty *unstandard*. It's a variation of the base 327-cubic-inch V8 that goes into Corvette.

That doesn't put Camaro in the same league with America's only honest-to-goodness production sports car. But it gives you a quick idea of how Camaro's 'Vette-bred advantages set it apart from other cars in its field.

No other sportster at Camaro's price gives you as large a standard V8. Or as wide a wheel stance. Or you can get hideaway headlights, included as part of Camaro's Rally Sport package.

Of course, just how much Corvette you get in your Camaro is entirely up to you. On the one hand, you can order an SS version with special suspension, wide-oval tires and up to 325 hp. Or, if you do a lot of stop-and-go city driving, you can taper off to a 140-hp 6 (and save yourself a lot of money and clutching by ordering something else no other car in Camaro's field offers—Chevrolet's new Torque-Drive transmission for just $68.65*).

So whether you want a standard Camaro or a very special one, you'll find what you're looking for at your Chevrolet dealer's. Anything but an ordinary one.

GARY R. WOLD
Medal for valor

## Ex-Marinite Is Awarded Bronze Star

The Bronze Star for heroism has been awarded to a former Marinite, Lt. Gary R. Wold, on duty with the 9th Infantry in Vietnam.

Lieutenant Wold, platoon leader of Company A of the 47th Battalion, had taken command after his company commander was wounded during an assault on a Viet Cong bunker on Jan. 23, according to the citation accompanying the medals. After providing cover for the evacuation of the wounded, Lieutenant Wold directed air strikes which demolished the enemy position.

A graduate of Tamalpais High School in 1961 and San Francisco State, Lieut. Wold is the son of Mr. and Mrs. Larry Wold of Fremont, formerly of Stinson Beach. They were owners of the one-time Sea Downs restaurant. His grandparents are Mr. and Mrs. T. H. Hill of Stinson Beach. His aunt, Dorothy Mayfield, is postmistress of Stinson Beach.

Lieutenant Wold's wife, Sheri, lives in San Francisco.

## Navy Plane Wreckage Discovered

Bits of wreckage from a Navy plane which may have crashed six months ago have been found in a canyon of a ranch near Millerton, north of Point Reyes Station on Highway 1, sheriff's deputies reported today.

A three-foot section of the aircraft — possibly a twin engine jet — was left at the sheriff's substation in Point Reyes Station Friday afternoon by William McDonald of McClure Ranch, Inverness.

McDonald said he found the jagged chunk of fiberglass and metal on the DeCatardi ranch at Millerton. He found a similar piece earlier in the week, but threw it away, McDonald told deputies.

Sheriff's officers said the piece of aircraft bears some serial numbers and part of a metal door latch.

A spokesman for Western Air Rescue at Hamilton Air Force Base told them it sounded like a piece from a twin engine Navy jet. An operations officer at Moffett Field told them it was part of a Navy Plane.

The only planes missing in the north coast area of the state were last reported 125 miles north of Point Reyes Station in January, the Moffett Field officer said.

They were turned over to the Australian Embassy, which has represented the United States in Cambodia since Sihanouk broke relations with Washington.

## Bridge Directors To Hold Session On Proposed Bills

Ten bills before the state Legislature that affect the Golden Gate Bridge and Highway District will be considered by the bridge board's legislation committee at 11 a.m. on Thursday in the administration building at the toll booth plaza.

Some of the bills would eliminate the district, some would expand its powers to all forms of transit, including ferries, and one would allow its directors to sell bonds financed from tolls.

The building and operating committee will meet first, at 10:30 a.m., to review progress on purchase of 11 acres from the Army to widen the toll plaza.

The full board will meet at 10:30 a.m. on Friday.

## Airport Employee Needs On Agenda

Marin County Aviation commissioners will discuss manpower needs for the two-man staff at Marin County Airport at their regular meeting Wednesday at 8 p.m. in the planning commission chambers at Civic Center.

Francis E. Torr, airport manager who runs the airport with one aide, said he will need additional help if he is to handle both management and operation.

Other items on the agenda include a discussion of fire and crash protection, a radio transmitter and receiver to communicate with pilots and a suitable site for a heliport.

## Dr. Lee Cecil, Internist, Is Found Dead In Auto

Dr. Lee McFarland Cecil, a Marin County internist who was once chief of staff at the now defunct San Rafael General Hospital, was found dead at his Kent Woodlands home this morning.

The San Rafael specialist, whose office was at 710 C Street, was in the driver's seat of his car, parked in his garage at 1 Ravine Way, near the top of the exclusive residential area.

The ignition of the automobile was one, the gas gauge registered empty and there was a hose running from the exhaust pipe into the car, according to Inspector Marco Melovich of the sheriff's office.

James L. Chapman, a friend who rented the rear portion of the doctor's home, said the car was in the garage when he arrived home at 2:30 a.m. today. When he awoke at 9 a.m., he said, he went to the garage and found the physician dead in the car.

Dr. Cecil, 42, practiced internal medicine for 13 years in Marin County. He was a member of the boards of the Marin County Medical Society and Marin Medical Plan. He served on the medical staffs at San Rafael, Marin and Ross general hospitals.

He was a member of the California Society of Internal Medicine and a clinical instructor in medicine at the University of California Medical School in San Francisco.

Chapman told sheriff's officers that Dr. Cecil was separated from his wife, the former Lillian Sigan. They had three children, Carolyn, Nicholas and Ann.

A native of Duluth, Minn., Dr. Cecil received his A.B. degree from University of Michigan, where he was elected to Phi Beta Kappa, honorary scholastic fraternity, and his medical degree from the School of Medicine at Michigan, where he won election to Alpha Omega Alpha, medical honorary fraternity.

He served his residency at Michigan and was a research fellow in medicine at the University of California.

# Legislature In Budget Race Deadline

SACRAMENTO (UPI) — The Legislature today raced for the wire to beat the deadline for granting Californians property tax relief this year or watch the state sales tax drop a half-cent.

Lawmakers must approve Gov. Ronald Reagan's $155 million tax relief bill before midnight Friday, or the 5 cent sales tax automatically slips back to four and one-half cents July 1.

The governor's measure was sent Friday to the Senate Finance Committee, where chairman George Miller Jr., D-Martinez, would prefer to see the sales tax drop rather than provide the real estate levy relief.

The Senate Governmental Efficiency Committee earlier stamped its approval on the bill, but not before deleting a section to add $35 million to the relief fund tacked on in the Assembly.

Reagan has said he doesn't want the $35 million—accumulated through a surplus in state income tax collections this year—to go for property tax relief.

The governor has proposed instead certain changes in the income tax rate to give a break next year to those from whom the $35 million was collected.

Miller said he may schedule a meeting of his committee later in the week on the proposal, although the committee regularly meets Tuesday mornings.

So there has developed a three-way struggle for tax relief:

The governor and part of the Senate seeking to return $155 million to property taxpayers.

The Assembly and Speaker Jesse M. Unruh, D - Inglewood, tacking on an additional $35 million for property tax relief in a total amount of $190 million.

And a powerful senator, George Miller, hoping to see the sales taxpayer get a break.

## Maintenance Report On Meeting List

The San Rafael Board of Education will receive reports on preventive maintenance, a single-session kindergarten program and resource teachers in elementary schools at 7:30 p.m. tomorrow in the administration building, Third and E streets.

The board will also receive a recommendation from the administration to approve the tentative budgets for the high school and elementary school districts.

# Admiral Says Scorpion Surfacing Gear Faulty

NORFOLK, Va. (UPI) —A Navy admiral testified today that the missing nuclear submarine Scorpion left on her final voyage without a satisfactory system for surfacing in an emergency.

Rear Adm. Edgar H. Batcheller, commander of the Charleston, S.C., Naval Shipyard, told a Navy court of inquiry that neither the emergency system nor the main system for blowing water out of the Scorpion's ballast tanks was adequate.

Testimony during the previous four days of the hearing revealed the emergency system was not usable, but Batcheller's testimony was the first indication that the main system also may not have been sufficient to bring the attack submarine to the surface in an emergency.

Vice Admiral Bernard L. Austin, the presiding officer, asked Batcheller whether the system was satisfactory when the Scorpion left the Charleston yard after an overhaul completed in April 1964.

"I would have to say that in my personal opinion, the answer is no," Batcheller replied.

He said he believed the main system was inadequate in view of today's operational requirements for submarines to dive deeper than they were expected to eight years ago when the $40 million Scorpion was built by General Dynamics Corp.

## Sneak Thieves Get Store Stock

Thieves took two portable radios, a wristwatch and two pocket watches from a Bolinas hardwarde store while the proprietor was in a room at the rear of the store, Marin County sheriff's deputies reported Saturday.

Judith Evins, proprietor of Bolinas Hardware on Brighton Avenue, said she was mixing paint in the rear of the store at about 12:30 p.m. last Saturday when she heard someone enter the store, checked, but saw no one. She later discovered the items missing.

She reported the incident Thursday, placing the value of the stolen items at a total of $54.

## Purse Stolen

Sherry A. Tauscher, 223 Belle Avenue, San Rafael, reported to Corte Madera police Friday that her black purse containing several credit cards, her driver's license and other items were taken from the cocktail lounge at Bob's of Marin, 1801 Redwood Highway.

# The new Mercedes-Benz 280SE: so "over-engineered" you'll never fear a panic stop again.

The new Mercedes-Benz 280SE has a disc brake at every wheel. So do all 180-mph Grand Prix road-racing machines.

Some critics have called the new Mercedes-Benz 280SE "over-engineered." Sure, they say, a passenger car needs *good* brakes, but does it need brakes good enough for a *racing* car?

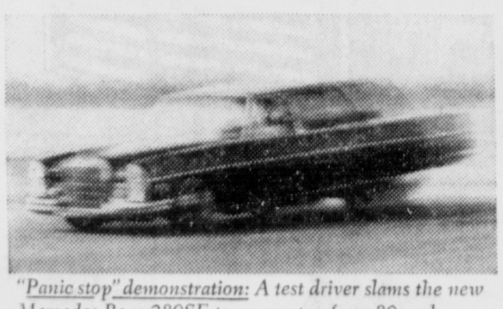
"Absolutely," say the Mercedes-Benz engineers. "Test after test has proved that disc brakes provide the most *precise* braking possible—at *any* speed. Put one wherever you have a wheel."

By conventional standards, the Mercedes-Benz 280SE *is* "over-engineered." And Mercedes-Benz is proud of it.

Most conventional cars have old-fashioned drum-type brakes. They're cheaper than disc brakes, and good enough for most average situations. But drum brakes can be marginal in a "panic" stop.

**It takes horsepower to stop**

Most people don't realize it, but *it takes horsepower to stop.* It's the same kind of horsepower that makes your car go, except that it's applied in the opposite direction. And, instead of being produced by the heat of gasoline burning in your engine, it comes from friction in your brakes.



*"Panic stop" demonstration: A test driver slams the new Mercedes-Benz 280SE to a sure stop from 80 mph.*

In a "panic" stop—real or simulated—it takes the equivalent of 321 horsepower to stop a 3,500-lb. car from 80 mph. This energy transforms the car's forward momentum into *heat.* And this heat must be dissipated by your brakes.

The disc brakes of the Mercedes-Benz 280SE have 421.1 square inches of effective braking area. If the 280SE had *drum* brakes of the same diameter, this area would be cut considerably. There would be less area to develop braking horsepower, less area to dissipate heat. Such brakes would be more prone to fading, swerving, and juddering. Drum brakes lack the feeling of *authority* you get with disc brakes.

**Disc brakes are standard equipment**

That's why Mercedes-Benz engineers *insisted* on disc brakes for the new 280SE. And not just on the *front* wheels—or as an extra-cost option—but on all 4 wheels as *standard equipment.*

The tremendous margin in braking performance you get with 4-wheel disc brakes is just *one* example of what "over-engineering" means to the owner of a Mercedes-Benz 280SE. Here are some more:

**Fuel injection**

Usually, your car's engine is designed either for power *or* economy—not both. Mercedes-Benz engineers found a way to give you the power of a V-8 *and* the fuel economy of a Six. It's called "fuel injection," an ingenious device that ramfeeds gasoline into the engine under high pressure. Result: horsepower is boosted by nearly 15% *at no sacrifice in gas mileage.*

*(Technical note: The "S" in the 280SE's name stands for "Super." The "E" stands for "Einspritzmotor" or fuel-injection engine. And "280" is the size—the metric displacement—of the engine, which is 2.8 liters.)*

Fuel injection also gives the 280SE excellent engine response at *all* engine speeds, with exceptionally smooth pick-up from low revs. The 280SE engine's overhead cam silences the fuss and clatter of conventional tappets. And its 7 main bearings give the crankshaft *better* support than most V-8s, for less vibration at high speeds.

**10,000 body welds**

Most conventional cars have a separate body and chassis, held together with bolts. After a while, the bolts can work loose. On a rough road, the rattles can be *deafening.*

Mercedes-Benz eliminated the rattles by eliminating the body bolts. Instead: 10,000 individual body *welds.* Result: a structure of immense strength and rigidity. After 50,000 miles or so, you may begin to wonder if your 280SE will *ever* rattle.

**Built to be the best —not the best seller**

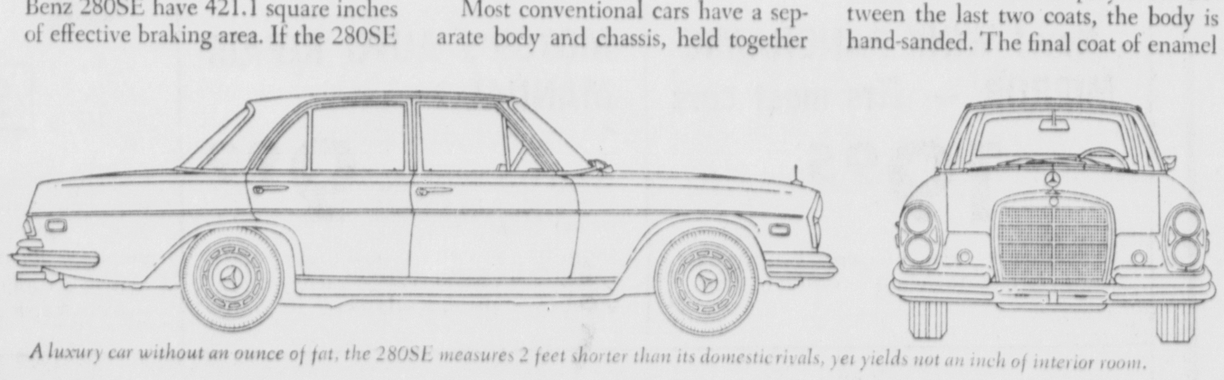
After welding, body seams are ground down and checked with a soft glove. Any burrs are filled with pewter and polished smooth by hand.

The body is then dunked in a 52-ton primer bath until 24 pounds of a special anti-corrosion formula have seeped into every cranny. This primer coat is *baked* on. The next is *sprayed* on. Between the last two coats, the body is hand-sanded. The final coat of enamel is hand-sprayed. There isn't any "orange peel" or other minor blemishes. The finish is as nearly *perfect* as the present "state of the art" allows.

*(Note: Nitpickers will find nothing to carp about. A slathering of permanent plasticized undercoating fights road salt, rust and rot. The insides of the hubcaps are primer-coated after the outsides are chromed. Even the underside of the dash is fully trimmed.)*

By the time your 280SE is complete, it has passed 8,117 inspections. One out of every 11 workers is an inspector to make sure that Mercedes-Benz standards are maintained.

*The impeccable Mercedes-Benz 280SE—with disc brakes on all 4 wheels.*



*A luxury car without an ounce of fat, the 280SE measures 2 feet shorter than its domestic rivals, yet yields not an inch of interior room.*

## Stephen Maysonave Wed In Long Beach

A Saturday wedding in Long Beach set the stage for the marriage of Toni Ann Secrest of Long Beach and Stephen George Maysonave of San Rafael. St. Matthew Catholic Church was the scene of the nuptial mass.

Stephanie Margaret Secrest was her sister's maid of honor. Bridesmaids were Barbara Carmody, San Francisco, Janet Marie Holland, Santa Clara, and Maryanne Werner, Redwood City. Best man was Philip Charles Maysonave of Bakersfield and ushers included Frederic Henri Charpiot, San Francisco, Michael Fay, Oakland, Paul Albert Maysonave of San Carlos, Philip Edward Mohrhardt, Cazadero, and Robert R. O'Brien, Taft.

A reception followed at the home of the bride's parents, Dr. and Mrs. Pettus Gordon Secrest of Long Beach. The couple will live in San Francisco where the bridegroom is employed with the Radio Corporation of America, computer systems division.

The bride is a graduate of St. Anthony's Girls' High School in Long Beach and holds a B.A. degree from the University of San Francisco. She is currently working towards her teaching credential there.

MRS. STEPHEN MAYSONAVE

Stephen, the son of Mr. and Mrs. Albert Lucien Maysonave of San Rafael was graduated from Bellarmine College Preparatory School in San Jose and has a B.S. degree from the University of San Francisco. He is the grandson of Mrs. Pierre Maysonave and Mrs. Augustus S. Hofmeister, both of Oakland.

## Mary Kovats Keeps Busy With 4-H Club

As if graduating from high school last week wasn't enough to keep a girl busy, Mary Kovats has held every office in her 4-H club. Living with parents, Mr. and Mrs. Gus Kovats at Point Reyes, 4-H buffs in their own right, has contributed to the success of the Marin Catholic High School graduate.

Mrs. Kovats has led a club 17 years including the eight years of her daughter's career. Both she and Mr. Kovats were Community Club leaders the past year.

The next activity for Mary will be the West Marin Junior Livestock Show June 22 and 23. She is chairman of a parade float using the theme "4-H — Seeds to the Future." Depicted will be a slice of watermelon with individual 4-Hers peering at the sidewalk audience from inside the seeds.

The 1968 winner of the Marin County All-Star award will compete next January for a Diamond Star, the state award. Also on her agenda is competition for the McClelland College Scholarship. She is president of her local 4-H club, president of the local teen club and treasurer of the Marin County High 4-H club. She has been a junior leader the past five years and will be modeling a pink coat and dress ensemble in state competition next month.

Leadership activities for the summer are attending a conference at the Davis University of California campus with other all-star members and a tour of duty as counsellor at 4-H Club camp.

Mary is the sister of Charles Kovats, a former 4-Her now living in San Francisco.

BLUE RIBBON WINNER Mary Kovats uses skills learned in 4-H Club work in serving as a junior leader to younger members. Eight years of 4-H membership have prepared the Point Reyes miss for majoring in home economics at College of Marin this fall. Later a stewardess career is on the horizon for the all-star recipient. She will be chairman of a float for the parade in conjunction with the 19th annual West Marin Junior Livestock Show June 22.

MARIN THESPIAN

## Claire Merrill Has Feature Role In 'Petulia

By BETTY FROST

The West Coast premiere of the movie, "Petulia" at the North Point Theater in San Francisco on June 25 will have a special significance for Mrs. James C. Phelps of Tiburon. It might even take on the air of an unusual family reunion.

An actress, Mrs. Phelps is known professionally as Claire Merrill. During the filming of the picture in San Francisco and Marin last summer, she portrayed the wife of Joseph Cotten, mother of Richard Chamberlain and mother-in-law of Julie Christie. She appears in scenes in Sausalito, the Keil estate at Keil Cove, Tiburon, and the Fairmont Hotel.

**THE LOCAL OPENING** at 9 p.m. June 25 is co-sponsored by the Telegraph Hill Neighborhood Association Auxiliary and the Telegraph Hill Dwellers as a benefit for the Telegraph Hill Neighborhood House in North Beach. Mrs. Shane Brady of San Francisco is chairman and reservations chairman. Mr. and Mrs. Phelps have invited friends to join them at a table at the large dinner party being planned at the Sextant Restaurant before the show.

The actress related some of the behind-the-scene details of the production. "I had my own stand-in, my own hairdresser, and make-up man, and some great clothes. The hours for shooting were odd. I was often scheduled to work from midnight to 7 a.m. There I would be crossing the Golden Gate Bridge to begin a day's work at 11:15 p.m.," she said.

As for the stars and director, "The bigger the people, the more wonderful they are to work with. When they work, they work hard. There is pride in the atmosphere of a movie set. The actors give all of their skills, and there is terrific mutual respect," Claire said.

**DIRECTOR RICHARD** Lester she describes as "low-key, whimsical, charming, kind and gentle in his approach to the cast." Her movie son, Richard Chamberlain, she praised greatly for his acting skill. "The role is so different from the Dr. Kildare part for which he is best known, and he handles it beautifully," she told us. Julie Christie she found "a very subtle actress. In one scene she is asked if everything is all right. She reassures the inquirer with words, but her eyes say 'Please help me.' It was wonderful to work with this cast," Miss Merrill said. "I learned so much."

There are more opportunities in San Francisco now, the Tiburon woman observed. She has the role of the president of the League of Women Voters in "Bullitt," filmed locally, and appeared in "Skidoo" with Carol Channing, whom she found particularly thoughtful to co-workers. Mayor Joseph Alioto's encouragement of movie-making should increase acting opportunities in the Bay Area, the Screen Actors Guild member suggested.

Her husband, James C. Phelps, is an attorney. "Fortunately he is very understanding about my work," Claire said.

They have lived in Marin about three years, having come from Grosse Point, Mich. Their home is on Round Hill Road in Tiburon. Her husband swims in their pool before breakfast every day and commutes by ferry. "We think we live in the most beautiful place in the world," she said.

**THE COUPLE HAVE** two grown children. Their daughter, Mrs. John Sellers lives in Greenwich, Conn., and has a son, Jay Jefferson, III. Their son, Robert Phelps, is also an actor, and has just signed a Screen Actors Guild contract with director Otto Preminger. Rob also appears in "Skidoo."

Mrs. Phelps is a graduate of the University of Michigan with a B.A. degree in drama. She took graduate courses in her field at Columbia University and Lehigh University. She has participated in the Festival Theater Workshop at San Anselmo and method workshops in Detroit. She has done commercial films, played in summer stock, appeared in television commercials, and modeled for magazine advertisements. She also taught drama at the Del Mar School in Tiburon under the Teacher Aid Program.

While waiting for the phone to ring with the next glamorous opportunity to rejoin the world of grease paint, the attractive blonde matron keeps busy as a docent with the Western Wing of the De Young Museum. She is a sustaining Junior League member, and also enjoys sharing the world of drama with children, both in encouraging them to act in their own productions and in bringing entertainment to those confined in hospitals.

ACTRESS CLAIRE Merrill of Tiburon reminisces about her role in the movie "Petulia," filmed last summer in Marin and San Francisco. She will be on hand for the West Coast premiere in San Francisco the night of June 25. The local opening will benefit the Telegraph Hill Neighborhood House. (Independent-Journal photo by Bob Hax)

## Sportswear Fashions More Fun

NEW YORK (AP) — Dressing for action is a lot more complicated, but a lot more fun than it used to be.

Almost overnight there has been a revolution in sportswear fashion that has been overshadowed by the big bright spotlight cast on mini-dressing for the discotheques or even mini-dressing for the office!

Before the revolution slacks were divided into two categories, bellbottoms and jeans. Shorts were either short shorts or long shorts, and shirts and T-shirts of no particular consequence went over all.

Culottes? Culottes were for middle-aged golfers, or fat-hipped fisherwomen. Not anymore.

Any kind of divided skirt is okay in any type of wardrobe today but especially the sportswear wardrobe.

The clue to good casual dressing is putting things together right. It is also the fun. Now that there are all kinds of textured stockings, flat shoes, jackets and shirts to choose from.

However, it doesn't spoil the fun any if the wardrobe is at least partially coordinated at the buying point.

Many mini-dresses have their own peek-a-boo pants. And culottes instead of pretending they are pants are frankly culottes with inverted pleat a different color or stripe, matching the T-shirt top.

Being action clothes, they not only provide stride room, but stretch room too. Many are orlon acrylic knits that won't shrink or stretch out of shape. Moreover they can be merely jammed into a suitcase or sack and still recover their smooth composure.

The new sportswear is ready to go anytime you are.

## Stop Smarting And Laugh With Husband At Vent Of Feelings

**DEAR HELEN:**

I have been happily married for almost ten years, have three children and a husband I thought was kind and understanding.

Helen, I have always been what he calls a slammer. When I get mad I go around banging and slamming things. Usually my husband pays no attention and lets me vent my anger, but the other night he went wild.

He started yelling he was sick and tired of my childish antics and with that he picked me up, turned me over his knee and spanked me long and hard on my almost bare bottom.

I was never so shocked and hurt in my whole life and I haven't talked to him since. The worst part is he seems quite happy go lucky. In fact he told me he feels great since he had wanted to do this for a long time.

I love him, but I can't ive in to him. If he won't apologize what can I do? — **SILENT PRIDE**

**DEAR S.P.:**

Laugh along with happy. He applauded your histronics at the right time and place after too many years as a silent audience. I think the whole scene is hilarious and you will too when you stop smarting.—**H.**

**DEAR HELEN:**

A while ago I read an item in one of the gossip columns, quoting some celebrity who said he had a new girl friend who was "cute, blonde, and 65."

It happens that I am cute, blonde and 65 and there is a young man in his 30s who wants to be my boyfriend.

Is this a trend? And what are the rules? — **NAME WITHHELD OF COURSE**

**DEAR NWOC:**

This is a trend only among young men who have a mother or an easy-money complex. The rules? Don't take him too seriously or he may take you for your life savings.—**H.**

**DEAR HELEN:**

Why do some women cut down other women just because they do wrong themselves?

This no-good dame says awful things about me in the neighborhood; she spreads lies and people believe her. That's because I won't speak to her as I wouldn't associate with her kind.

Everybody knows she'll shack up with any man who snaps his fingers. She's had three babies born out of wedlock which she's adopted out. She brags that she goes to the shore every summer to work but she only goes there to work the street. But the way she lies about what she has and does, you'd think she was something!

Why does she try to ruin my reputation and get me disliked? — **NOT A LIAR**

**DEAR NOT:**

Maybe she's a copycat.—**H.**

**DEAR HELEN:**

I get the blues, as every person alive does once in a while. But I have a philosophy maybe it's superstition that sees me through. I know as sure as rain that something good will happen to counteract the bad, so even as I'm depressed, I'm still — **EXPECTANT**

**DEAR EXPECTANT:**

A Connecticut correspondent sent a poem that should be dedicated to you: "Ah! Thats the reason a bird can sing, On his darkest day he believes in spring!"—**H.**

This column is dedicated to family living, so if you're having kid trouble or just plain trouble, let Helen help you. Address Helen Bottel in care of the Independent-Journal.

### For Fishermen

Tuck a box of baking soda into hubby's tackle box before he sets off for fishing. Dry soda is a good scratchless scourer for shining lures. Fishhooks won't rust when anchored in a cork and stored in a jarful of dry soda. The bait bucket won't smell fishy if it's washed with a soda solution.

Before walking through tall grass to reach the lake or stream, dust your legs well with baking soda to ward off chiggers.

### Don't Overdry

Don't overdry cottons and linens. Remove from dryer while there is a hint of dampness left in the items. T-shirts and other knit underwear shrink when overdried.

## WARM SUMMER NIGHTS

## Donna Fixes Wed Sunday At St. Hilary's In Tiburon

Donna Alice Marie Fixes became the bride of Robert Joseph Steffy Sunday at an early afternoon Mass at St. Hilary's Church at Tiburon. She is the daughter of Mr. and Mrs. John E. Fixes of Mill Valley and he is the son of Mr. and Mrs. Willis N. Steffy of Kailua, Oahu, Hawaii.

The sister of the bride, Priscilla Fixes of Mill Valley, was maid of honor with another sister, Patricia Fixes serving as bridesmaid along with Mrs. Edward Waldock, sister of the bridegroom from Seattle, Wash., and Jeanne Fixes of Sonoma. Best man was William Ramsey of Aiea, Hawaii, and ushers were Louis Caretti, Vallejo; James Gleen, Chicago, and Vincent Carr, San Francisco.

A personal friend of the bride's family, the Rev. Walter Anthony, CSP, came from Ontario, Canada, to officiate, assisted by her cousin, Rev. Emile Borredon, who came from France for the ceremony.

Following a reception at the Elk's Club terrace in San Rafael the couple took a wedding trip to Kailua, Hawaii.

Mrs. Steffy was graduated from Marin Catholic High School and is a junior at Dominican College. She is a granddaughter of Mr. and Mrs. Frank Tillman of San Francisco.

### Skinning Tips

There are several ways to skin a fresh tomato: Pierce the stem end with a fork and rotate the tomato over a low flame or dip each one in very hot water, hold there until skin loosens, then peel it off. Greenhouse tomatoes, which have very tender skins, need only brief heating and in many cases the skin can be peeled off without pre-treating.

### Rice Rundown

Rice is available in the United States in four forms—regular milled, parboiled, pre-cooked and brown. Regular milled rice yields 3 cups of cooked for each cup of raw rice. Pre-cooked rice doubles or triples its volume when cooked from 1 cup of raw rice. Brown rice is whole unpolished grain with only the outer hull and a little bran removed. It has a slightly chewy texture and nut-like flavor and requires more liquid and more cooking time than other forms of rice.

## Mrs. Hammer To Head Legislative Council

The Marin Women's Legislative Council of the California Federation of Women's Clubs has elected Mrs. Paul A. Hammer president. She and her husband, who is retired, reside in San Anselmo. Mrs. Hammer is a charter member of the club having held the office of vice president, corresponding secretary and president.

The non-political and non-partisan group lists its objects as studying legislation and working toward better government on all levels. With this and other women's activities in mind, Mrs. Hammer says she enjoys most her work in women's clubs. Other interests are gourmet cooking and contract bridge. She has served as a club president nine years, was an Easter Seal chairman and works with the Hobby Shop for Crippled Children and Adults.

A 37-year resident of Marin, the new president attended private schools where she received training in parliamentary procedure, law, speech and secretarial work.

The Hammers have two sons, Paul and Roger.

### Berry Good

Frosted strawberries make a pretty, fresh and simple garnish for summer desserts and beverages. They're delicious, too, as a confection. To garnish a 6-serving recipe, use 1 pint of fresh strawberries that are completely dry. Hold each by stem or wooden pick. Brush with 1 egg white, beaten until foamy. Sprinkle lightly with granulated sugar. Dry on rack.

CONCERT REVIEW

# Orchestra Dedicates Program To Kennedy

By MAYBELLE SPECKMANN

Saturday night's spring concert of the College of Marin Community Orchestra was dedicated to the late Sen. Robert F. Kennedy. And again, by a coincidence reminiscent ot the Marin Symphony's concert dedicated to the late Dr. Martin Luther King Jr., one number was suitable as a requiem.

This was Mozart's powerful Piano Concerto No. 24 in C Minor containing both tragic grandeur in its agitated tempi and ethereal serenity in its slow movement.

In the theater of the fine arts building considerable sonority was achieved by the 67-member orchestra directed by John H. Myers, except for one number, thanks to the new acoustical shell.

MOZART CONCERTO

The Mozart concerto was notable for the polished performance of 18-year-old Mary Rosenquist, first-year music major at the college. She hardly seemed the same person we heard featured last year with th Marin Youth Orchestra. She gained poise and technical facility. Her rather light, delicate touch was marked by clarity of each note, smooth legato and unusual control on long continued trills.

All of this is admirably suited to much of the Mozart repertoire and was perfect for the concerto's buoyant passages, but the over-all reading of the work including the orchestra lacked the tragic intensity and power inherent in this particular concerto.

SLAVIC FLAVOR

The full Slavic flavor of Bartok's "Rumanian Folk Dances" was captured by the orchestra directed with vigor and gusto by Ruggeiro Pelosi, a regular member of the orchestra. Myers is to be commended for this policy of offering talented musicians this hard-to-come-by experience.

In this work, for the first time during the evening the low strings were heard in better balance with the high ones. The leading violins were especially good in the horn dance.

Fun pieces of the evening giving individual instruments a chance to shine were the march, waltz, polka and galop of Stravinsky's Suite No. 2 for Small Orchestra. The trumpet, however, was flawed or too clowning at times.

The entire orchestra was impressive in the finale of the program, two excerpts from "The Damnation of Faust" by Berlioz. Completely enchanting were the strings and harp in the ballet of the Sylphs. As one woman said, loudly enough possibly to be heard throughout the theater. "This is what I call music!"

The minuet of the Will-O'-the Wisps was also good particularly some playing by the woodwinds in fast tempo.

OPENING NUMBER

Opening the concert was Franz von Suppe's "Beautiful Galathea" overture.

Nine guest artists of high caliber among the players, made necessary when there are not enough amateurs to cover essential parts, undoubtedly added to the quality of the performance.

## Draft Office In Berkeley Hit By Explosion

BERKELEY (AP) — An explosion caused considerable damage to a Selective Service office about one-half block from the police station at 3:40 a.m. today.

Officer David Sylstra said no one was injured. He said it appeared dynamite had been thrown through a window.

All windows in the draft board office, on the ground floor of a multi-story office building were shattered.

The blast was heard about two and one-half miles away at the Lawrence Radiation Laboratory on Grizzly Peak Boulevard in the Berkeley Hills.

Sylstra said residents in the area told officers they heard glass breaking and a car speeding from the scene. The explosion occurred a few moments later.

## $250,000 Damage In Warehouse Fire

SAN FRANCISCO (AP) — A four-alarm fire swept through a four-story warehouse of the Atlas Paper Co. late last night, causing an estimated $250,000 damage.

The fire department said flames also caused some damage to an adjoining four-story structure.

The blaze brought 185 men and 44 pieces of equipment to the scene, at 245 Clementin Street, just off Third and Folsom streets.

## Weapons Stockpile Held Blaze Cause

TEL AVIV (AP) — A brush fire spread yesterday to a stockpile of ammunition captured by Israel in the Arab-Israeli war a year ago and set off explosions that rocked buildings in Tel Aviv, 15 miles to the north.

An army spokesman said there was no sign of sabotage, and no casualties were reported. The exploding shells kept firefighters away.

ART REVIEW

# It's Diverse Fare This Month At Two Galleries

By LAURA DEVENDORF

This month two Marin galleries have very busy wall space devoted to several artists. The Beanconsfield Gallery at 759 Bridgeway, Sausalito, features drawings by Aaron Sopher as well as a temporary group show, while the Musee d'Art International, 507 Francisco Boulevard, San Rafael, features three European printmakers plus other diverse fare.

Starting with Sopher is starting with the most appealing. A satirist of note since the 1930's, who has enjoyed 31 one-man shows and reproduction of his work in most major magazines, Sopher still records our foibles with one of the deftest pens around.

RETAINS STYLE

Through the years, his quick line-drawing style has changed little. And though fashions and social customs have altered, the basic human traits mirrored in the unguarded expressions and postures of the people he records have not. With a swift, clean, telling line, he spots them from race tracks to art galleries, on the street, at concerts and cat shows and even reading the financial page.

Although this is the Baltimore artist's first west coast show, there will be few who don't recognize his sparse line, drawings and the Beaconsfield shows a wide span of Sopher's work, including a rare one from the '30s. There are some serious watercolors which, while less familiar, are nonetheless enjoyable.

PRINT VARIATIONS

Most of his work fills fat portfolios. The rest is hung in a small side room, while the remainder of the gallery, until June 12, holds a changing group show. Included are interesting works by visiting Swiss artist Johannes Hofman, the most notable of which are several involved variations using the same block print combined with watercolor.

At the Musee d'Art through June 19, Swiss artist Ed Righetti does Braque-oriented still lifes with mixed success. Usually a pitcher and a small group of edibles against a patterned background, his work is pleasing in direct proportion to his control and simplicity.

At best, follow-exhibitor Kostia Terechkovitch's lithographs are sentimental. More honestly they are too fussy and coy with their vapidly pretty children and mommies and race horses to have much reality about them. And they decorate the walls with a hectic splash of color that is tiresome.

By contrast, the economy of design used by Japanese artist Keiko Minami provides a clear, clean, background which heightens appreciation of the fine-lined detail she places within each shape. These shapes are leaves, trees and animals, stylized to their basic outlines. Her restraint in this makes her etchings all the more charming.

The remainder of the large gallery area displays samples from the Musee d'Art's European stock.

## New Tomales Board Sets First Session

The first meeting of the new Tomales Unified School District board will be at 8 p.m., June 19 at the Tomales High School. Board members were chosen in last week's election by voters who approved unification of four elementary school districts in northwestern Marin and a portion of Sonoma County, Tomales Bay Union, West Marin Union, Watson and Bodega.

The members are Dr. Bruce B. Daniels, LeRoy R. Erickson, Robert E. Gallaher, Robert Giacomini, Roy Parks, Mrs. N. Louise Passalacqua and Joseph Tremari.

# No-Disobedience Pledge For March

WASHINGTON (UPI) —The newly named co-ordinator of the Poor People's mass demonstration here June 19 says it will include no civil disobedience.

Sterling Tucker, Washington director of the Urban League, said yesterday the march will be "in full support of the demands of the poor people and seek immediate implementation of each and every demand.

"These demands, 99 in number, have never received adequate public attention by the press or public."

Tucker added that "there will be no acts of civil disobedience whatsoever or independence protests."

Tucker was selected to co-ordinate the demonstration Friday when New York civil rights leader Bayard Rustin bowed out in a dispute with leaders of the Poor People's campaign.

Rustin, co-ordinator of the 1963 civil rights march on Washington that drew more than 200,000 sympathizers, had issued a 20-point statement a week ago that he said represented the explicit demands of the poor people encamped here in Resurrection City.

But Rev. Ralph David Abernathy, march leader and head of the Southern Christian Leadership Conference, disavowed the statement and refused Rustin's demand for full authority over the forthcoming mass demonstration.

Tucker said he decided to take on the formidable task of organizing the demonstration, aimed at bringing tens of thousands of sympathizers to join for one day the thousand or so residents of Resurrection City in their protests, when Rustin refused his "twelfth hour plea" to reconsider his resignation.

## Teen-Ager Denies Auto Theft Charge

Kenneth Adrian Fuller, 18, of Rio Vista, pleaded innocent in Marin Municipal Court Friday to a felony charge of car theft. Preliminary hearing was scheduled for 3 p.m. tomorrow.

Fuller is accused of stealing a vehicle from Robert Louis Langbehn in San Rafael May 4.

## Unusual Air Cargo: Two Killer Whales

SAN FRANCISCO (UPI) — The airplane pilot didn't say it was a whale of a trip—but it was.

The female killer whales, weighing more than two tons each, arrived yesterday safely at San Francisco International Airport from Vancouver, B.C., destined for a new home at a marine life theater.

The unnamed whales were packed in separate 20-foot boxes and sprayed continuously with sea water during the flight. The black and white mammals are among less than 15 killer whales in captivity.

They were purchased by the Marine World Co. from three fishermen, who caught them in Garden Bay near Pinder Harbor, B.C.

The whales will be included in the attractions at a new Marine World to open in Redwood City, July 18.

## To Review Budget

A preliminary budget for 1968-69 of $216,446 will be reviewed by the Kentfield Fire District board at 8 p.m. today in the fire station.

# Five In One Family Die In Nevada Crash

CARSON CITY, Nev. (UPI)—A Coast Guard officer, his wife and three of their seven children were killed Saturday night when a truck loaded with heavy equipment smashed into their station wagon on a rain-slick mountain highway. The couple's other four children were seriously injured.

The officer was identified as Lt. Charles A. Linder, a native of Smoke, N.C., and a veteran of 15 years in the Coast Guard. He was en route from Portsmouth, Va., to assume command of the lifeboat station at Rio Vista, on the Sacramento River.

Also killed were his wife, Pauline, 36; two daughters, Elizabeth, 6, and Mary Ellen, 4, and a son, Christopher, 2. The injured Linder children were David, 8, Nancy Louise, 7, Anne Frances, 3, and Jonathan, 6 months.

The Nevada Highway Patrol said the heavy truck was coming down Spooner Summit on wet Highway 50 about 10 miles south of Carson City when it jackknifed and slammed into the Linder vehicle, which was travelling in the opposite direction.

The Linder car then crashed into a third vehicle, but neither the driver of the truck, Roy Smith, 32, Reno, nor the occupants of the other vehicle were injured. It took rescue workers more than an hour to remove the dead from the Linder station wagon.

The portrait on a $5,000 U.S. bill is that of James Madison.

## County Is Loser In Tunnel Suit

Judge Thomas F. Keating of Marin Superior Court has declined to find defendants in a Woodacre tunnel suit responsible for maintenance of the abandoned tunnel.

He said his ruling on Friday, however, was not based on merits of the case, but instead because the plaintiff, County of Marin, had no issue which could be judged.

The suit, filed Sept. 8, 1966, named 29 defendants alleged to have title, right of way or some other interest in property in the vicinity of the railroad tunnel, located beneath White's Hill. It charged that defendants, including the estate of John T. Rapp, deceased; Lagunitas Development Co., Marin Council of Boy Scouts of America, Inc., Pacific Gas and Electric Co., and Bothin Convalescent Home, should share responsibilities with the county proportionate to their interests by helping maintain the tunnel.

The county declared the tunnel, object of past landslides, is a menace to life and property when not maintained.

Harry Vardon, British golfer, won over 60 important tournaments, including the U.S. open.

## Teen-Ager Unhurt When Car Hits Tree

A San Rafael youth escaped serious injury Friday night when his auto hit a tree off Bolinas Road in Fairfax, police said.

John Gottlieb, 16, 321A Bayview Street, was treated for a forehead cut at Marin General Hospital after the 7:40 p.m. accident. A passenger, James Armington, 15, 39 Wolfe Avenue, San Rafael, was unhurt.

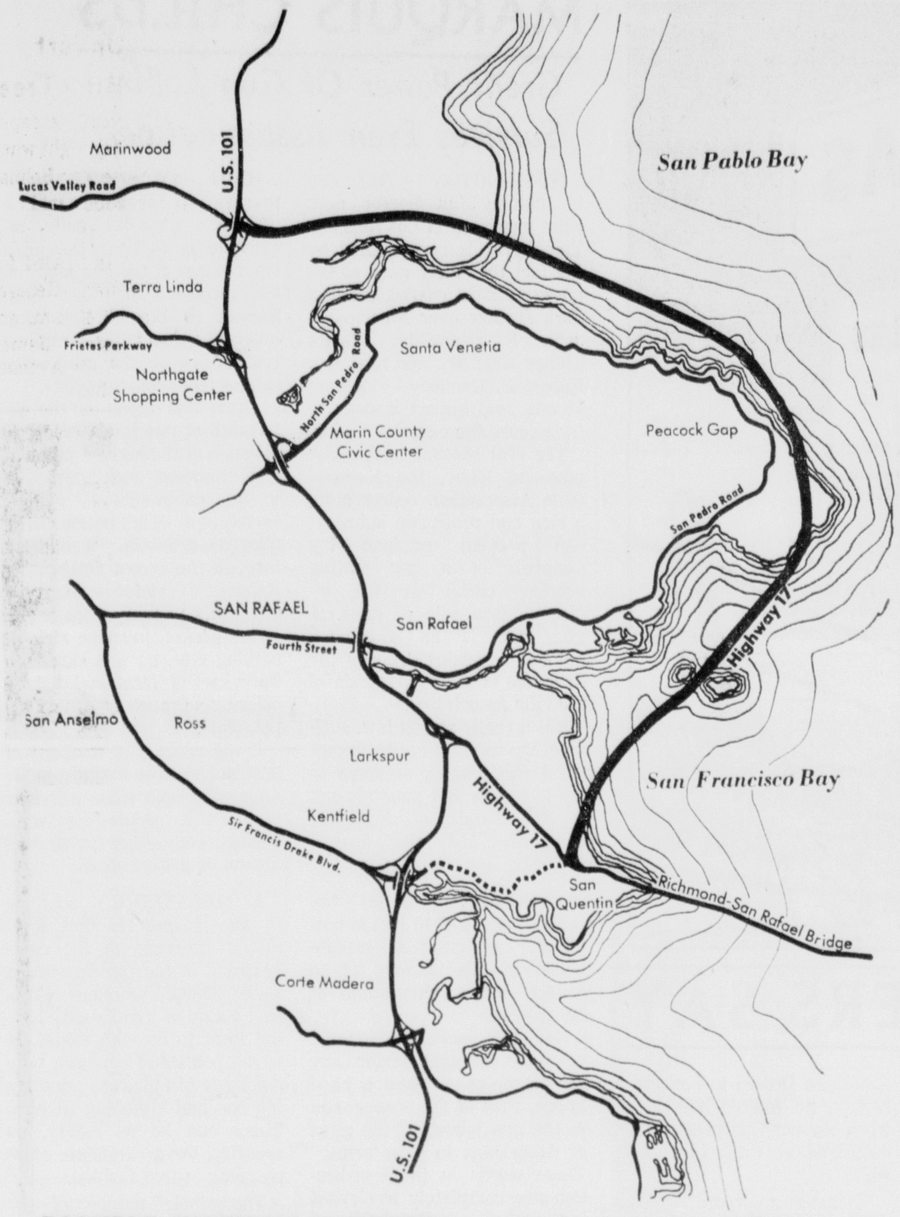
SERVING ALL OF MARIN COUNTY

THIRD SECTION — SAN RAFAEL, CALIFORNIA, MONDAY, JUNE 10, 1968 — 19



POSSIBLE HIGHWAY 17 ROUTE — Map by Independent-Journal artist Jack Lucey shows how road (heavy line) through and over tidelands, envisioned by engineer Danial P. Coleman in his original San Rafael General Plan, could provide route for extension of Highway 17 to connect with West Marin via Lucas Valley Road. Dotted line is conlection between Highway 101 and 17 which Coleman suggests should be widened and improved as port of project.

*SKIRTS SLEEPY HOLLOW, ROSS VALLEY*

## Shoreline Freeway Proposal Exists On Once-Rejected Plan

By BRYCE W. ANDERSON

A route for extension of Highway 17 that would skirt San Rafael and would pass through neither Sleepy Hollow nor the Ross Valley exists on a plan proposed five years ago and once rejected.

**It would connect the Richmond-San Rafael Bridge approach with Lucas Valley Road, and follow the latter to eventually connect with Sir Francis Drake Boulevard for access to West Marin and the Point Reyes National Seashore.**

The basic route, easily adapted as a Highway 17 extension, was shown on the San Rafael General Plan presented in 1963 by Daniel P. Coleman and William Spangle. Because the portion of the plan involving tidelands was dropped, the road disappeared from the plan as finally adopted.

Coleman at that time envisioned a "shoreline freeway" as an alternate, north-south route to relieve Highway 101. In the general plan as initially presented, he described it as follows:

**"The great areas of development and expansion for the City of San Rafael are those areas lying easterly of present Highway 101. This fact, coupled with topographic and traffic considerations, suggests that the most desirable location of a future north-south traffic artery would be along the shoreline of San Francisco Bay . . .**

"The control point . . . should be the westerly terminus of the Richmond-San Rafael Bridge. A freeway-to-freeway interchange should be located at this point with provision for local service . . .

"The most desirable location . . . would be generally along the easterly limits of the East San Rafael tidelands, but within the tideland area, preserving the shoreline itself for development and public use. Placing the freeway farther east would destroy or eliminate development and use of the shoreline . .

**"The freeway should be carried across San Rafael Canal on a high level bridge anchored on the Marin Islands. From here it should continue north to Point San Pedro to an interchange facility connecting the freeway with San Pedro Road. From this point it should continue northerly again on a high level bridge across Gallinas Canal, thence along the easterly edge of Fakkunas Bay to . . . easterly extension of Lucas Valley Road."**

As Coleman then envisioned it, the shoreline route would continue north past Hamilton Air Force Base to eventual junction with Highway 37. However, as an extension of Highway 17 to West Marin, that part would be eliminated.

Coleman, reminded today of the route and the possibility that it could solve the Highway 17 extension problem, noted that it would not only solve the problem of cutting a roadway for that extension but would also relieve much Highway 101 traffic from the San Rafael bottleneck and give those living in East San Rafael a direct by-pass route home via Sir Francis Drake Boulevard from the Greenbrae interchange. Improvement of the portion of Drake Boulevard between Highway 101 and San Quentin should be part of the plan, he suggested.

**"It would serve all the area east of San Rafael without any conflict with Bay Conservation and Development Commission restrictions on the tidelands, and would open up the shoreline to the public," he said.**

"For a long time it would solve the traffic problem north of Greenbrae Hill. South of that point, there is ample undeveloped land for further widening of Highway 101."

The impasse over Highway 17 extension has resulted from two considerations:

1. The state Division of Highways will not consider a road that cannot be developed to freeway standards, regard,ess of whether it is called "scenic highway," "expressway" or "freeway."

2. The division will consider as an extension of Highway 17 only a route that ties into the present Highway 17, thus ruling out such proposals as a road from Highway 101 via Lucas Velley Road.

**Bucked against state insistence on these provisions have been the objections of residents of San Anselmo, Sleepy Hollow and Fairfax against another highway through their cities.**

The route originally proposed by Coleman and Spangle for the San Rafael General Plan would, however, provide easy connection via Sir Francis Drake Boulevard to San Anselmo and Fairfax, without disturbing either city.

## Novato Ready To Live Again In Old West

A bit of the Old West will come to life again in Novato this week as the 13th annual Western Weekend is celebrated Wednesday through Sunday.

On the street, in stores and homes, Novatans in western garb will greet visitors who flock to the town for the annual rodeo, parade and other Western Weekend events.

The rodeo, sponsored by the Novato Horsemen's Association, will be held Sunday at the rodeo grounds on Bugeia Lane. Bucking broncs, Brahma bulls and rodeo clowns will thrill the crowds watching the calf-roping, calf-wrestling and bronc and bull riding events.

ANNUAL PARADE

Another highlight of Western Weekend will be the annual parade. It will start at 2 p.m. Saturday at the main fire station, 1000 Grant Avenue.

More than 100 entries will march in the parade, including bands, floats, horses, drill teams, drum and bugle corps, funny cars, politicians, old cars and clowns. The Wells Fargo stage coach will be in the parade and former Novato resident George A. Marshall, former secretary-manager of the Novato Chamber of Commerce, will ride in an antique car.

TO RIDE HORSES

Western Weekend queen Patty Villa and her two princesses, Janet Kimball and Nancy Lehigh, dressed in western attire, will ride their horses in the parade.

And an airplace from Marin Aviation will be towed the full parade route. The entrants will complete for cash prizes, trophies and ribbons.

Among other highlights of the Western Weekend will be a carnival at 6 p.m. Wednesday at the show grounds on San Marin Drive off Highway 101. The carnival will run through Sunday.

BEARD CONTEST

At 7:30 p.m. Wednesday at the Novato Community House, the annual beard judging contest will be held, followed by the crowning of queen Patty Villa and her two princesses. At 8 p.m. an old fashioned melodrama will be presented by the Novato Community Players at the Community House.

Saturday at 7 a.m. the annual buckaroo breakfast of pancakes will be served to all comers until 10:30 a.m. at the carnival grounds by the Mariners Club and the Novato Presbyterian Church.

At 9 a.m. Saturday the annual cross country race sponsored by the Marin Athletic Club will start at the fire station. More than 150 runners have signed up to compete for trophies and medals in the 6.87 mile race.

SQUARE DANCE

The Novato Stump Jumpers will sponsor a square dance at 8:30 p.m. Saturday at San Jose Junior High School on Sunset Parkway.

A new event will begin this year when the Novato History Museum will open its doors at Block Hall in St. Francis Episcopal Church at 9 a.m. Saturday. On display through 6 p.m. Saturday and from noon to 6 p.m. Sunday will be artifacts and skeletons uncovered by the Novato High School archaeology club at the Miwok Indian Burial sites near Novato.

## Thieves Take Two Radios

Burglars stole a two-way radio and a short wave radio from the rangers' station at Drake's Beach Thursday night, sheriff's deputies reported today.

Officers also reported that someone with a key broke into the FYE elementary school at 1046 Redwood Highway, Alto, the same night and stole a tube of glue and 4.75 in change.

The night before, someone entered the principal's office at Santa Venetia Junior High School on North San Pedro Road, Santa Venetia, and stole a portable radio and a microphone, deputies said.

## Annual Barbecue Is Held A Success

The annual chicken barbecue sponsored by the Novato Volunteer Firmen's Association yesterday was a "huge success," according to Novato Fire Chief George J. Cavallero.

Approximately 800 people attended the barbecue and 600 chickens were sold by the end of the day, Cavallero said. The barbecue lasted from noon to 6 p.m., he said.

## Lagunitas School Budgeting Set

Further discussion of the proposed 1968-69 budget will be conducted by the Lagunitas School District board at 7:30 p.m. today in Lgunitas School.

Supt. Marshall J. McCuniff said tentative budget probably will be adopted at the board's June 24 meeting. The proposed $344,313 budget would retain the district's present $2.65 per $100 assessed valuation tax rate.

Also scheduled are discussion of some possible changes in the district curriculum for the coming year and placement of classified staff members on steps on the salary schedule.

## Dress Standards, To Be Studied

Discussion of dress standards and the 1968-69 budget are on the agenda of the West Marin Union School District board at 8 p.m. today in West Marin School.

At an earlier meeting, the board requested an opinion from the county counsel's office before adopting a recommendation by a committee of teachers and parents calling for standards such as clothes being "in good taste" and hair being "a reasonable length" leaving the interpretation up to the superintendent.

A proposed $123,627 budget would cause no increase in the district's $1.951 tax rate for 1967-68, including bond repayment and overrides, according to Supt. Howard F. Brose.

## Affairs Council Rips Bridge District Form

The Golden Gate Bridge and Highway District "is obsolete in both form and composition," the Marin Council for Civic Affairs said today.

The bridge, and other Bay Area bridges and transportation facilities, should be run by a multipurpose elected regional government, said the council's chairman, Walter Zurcher, in a letter to Assemblyman John F Foran, D-San Francisco.

But as an interim measure, Zurcher wrote,the council supports Foran's bill (AB 175), which would expand the district's powers to include all forms of transit and add three directors, two from Marin and one from San Francisco. The bill, however, should be amended to make bridge district directors' terms of office at the pleasure of their appointing boards.

Directors now serve four-year terms, and are appointed by the boards of supervisors in the six-county district.

The civic affairs council also supports a bill (AB 2057) by Assemblyman William T. Bagley, R- San-Rafael, to replace the bridge district with a San Francisco-Marin District. Zurcher wrote Foran, who is chairman of the Assembly Transportation and Commerce Committee. All bills affecting the bridge district would go before Foran's committee.

Zurcher said his organization opposes a bill (SB 724) by Sen. Randolph Collier, D-Yreka, to give the bridge board the power to sell bonds financed from tolls. Until the directors are either elected officials or appointees serving without tenure, wrote Zurcher, "this board should not have such broad and independent fiscal powers."

## Graduation Set

North Marin High School graduation ceremonies will be held at 11 a.m. Thursday at the school, 856 Sweetser Avenue, Novato. Novato School Dist. Supt. James Bunker will award diplomas to Thomas Raymond Robinson and Carl Smith.

## 'Curious Savage' Tickets Available

Tickets are still available for Friday's performance of "The Curious Savage" at the Mill Valley Center for the Performing Arts.

The center reported last week that the performance was sold out. The center sold the entire house to Robert E. Burton, unsuccessful city council candidate in April, who is holding a theater party to raise funds to defray campaign expenses.

Mr. and Mrs. Burton said today they still have plenty of tickets for sale. Tickets can be bought from the Burtons, of 114 Hazel Avenue, Mill Valley. Curtain time is 8:30 p.m.

## Almonte District Meeting Changed

The Almonte Sanitary District board will meet at 8 p.m. June 17 instead of June 24 this month. The meeting will be in the district office.

The change was made so a representative from Mill Valley could attend and discuss charges to be made to the district for its share of the cost of planned new sewer lines.

# Violence To Entertain Nation In Mourning

Thousands stood in the street outside St. Patrick's Cathedral in New York to await their chance for a glimpse of the body of Sen. Robert F. Kennedy, slain by an assassin's bullet.

There were other throngs where the train bearing the senator's body stopped en route to Washington after the funeral Mass, carrying the casket for burial in Arlington National Cemetery.

Across the nation, flags flew at half-staff in a national day of mourning proclaimed by President Johnson.

Major league baseball games in New York and Washington were cancelled Saturday out of respect for the slain senator. Those in other cities were changed to night games, so none would be played while Senator Kennedy's body lay in state at the cathedral or while the Requiem Mass was being conducted.

**BUT IN MOVIE THEATERS** across the nation, there was no departure from the usual programs. And as usual, many of the films were shows of violence.

In the San Francisco Bay Area during the weekend, for example, these were among the movies as the nation supposedly mourned for Senator Kennedy:

"The Scalphunters," "Wild in the Streets," "Gun Glory," "Bonnie and Clyde," "Devil's Brigade," "The Relucant Sadist," "Guns for San Sebastian," "Heat of the Night," "Battle of Algiers."

"Rounding out" the offerings were numerous films of sex, generally advertised as "shocking," "brutally frank," etc.

**THOSE WHO STAYED** home could watch the same sort of violence on television. Weekend programs on Bay Area stations included "Ironside," "Dragnet," "Guns of Will Sonnet," a rerun of the durable "Combat," and a couple of movies of violence, "Portrait of a Mobster" and "The Rat Trap."

In all these, guns barked and human life was cheap. Little boys could watch them and dream of the day when they, too, could buy guns (not long to wait, for it is only necessary to have the price and be able to fill out an order form and drop it in the mailbox; no one will ask the buyer's age). Mother might ask them to turn down the volume because of the loud gunshot reports — but later she could join father to watch some of the violence on the evening programs.

Meanwhile, the newspapers chronicled other shootings, and the daily toll of war in Vietnam.

**THE NEWSPAPERS FACE** an obligation to report violence when it happens: The public would be worse off, and more prone to terror and further violence, if it were kept in the dark.

The entertainment industry labors under no such obligation. It manufactures death and destruction, make-believe but appearing as real as possible. "The public wants it," say the movie makers and the television executives.

The greatest box office successes of recent decades have been Walt Disney productions, none depending on violence. The most durable program on television is the "Ed Sullivan Show" and none has topped the ratings longer than "I Love Lucy" did.

**BUT "AMERICANS** want violence," say the entertainment people.

Do they really?

And do they really want an armed sub-civilization, in which leaders who dare to speak on important issues are in constant peril of assassination?

## Fiscal Irresponsibility?

The Marin County Board of Supervisors is being asked by the county board of education to release its control of the portion of the county schools office's budget which is dependent on property taxes.

The board of education says it wants "budget control and fiscal responsibility."

What this would mean would be an additional taxing agency, since the board of education (at behest of the county superintendent) could then budget as much money as it wished, regardless of the tax rate required.

Might not this instead be called fiscal irresponsibility?

# Can Sick America Turn Back To Rule Of Law And Order?

By HENRY C. MacARTHUR

SACRAMENTO (CNS) — The assassination of Sen. Robert F. Kennedy in Los Angeles brought home in full force the atmosphere in which the whole nation lives today, marking almost a decade of a series of events shaking the people of an otherwise law-abiding nation.

Riots, arson, destruction of property, assassinations and attempted assassinations have been the order in an almost unbelievable sequence, with each new trespass on personal security pointing uup the problem and bringing realization that this atmosphere cannot long be tolerated.

**GOV. RONALD REAGAN** spoke for the people of California a few hours after the Kennedy shooting. After offering sympathy and condolence, he said:

"I'm sure also that the people of this nation feel as we do here in California that there is no place in America for the atmosphere of violence that seems to pervade our land.

"We are determined to replace this with sanity and order.

"And I hope that all . . . will add a vow, a pledge that we are not going to rest, any of us, in or out of government, until we end this lawlessness that seems to be so prevalent in our society today."

**NEVER HAS** there been a time in the history of the American people when lawlessness was so rampant as it is at present.

Many are the reasons advanced by politicians and civic leaders for this change in attitude of a portion of the people, and unfortunately, but little real effort has been advanced to change the attitude back to where it belongs in a country supposedly governed by a democracy of law-abiding citizens.

Most agree that law alone cannot and will not change attitudes, for the simple reason that the more laws there are on the books, the more inclination there is to break them.

And obviously, the best law enforcement system in any nation cannot cope successfully with people who have little or no regard for those laws.

**IT HAS TAKEN** the nation several years to build up its present moral attitude; consequently, will take as long or longer to rebuild to the point, as the governor says, "that there is no place in America for the atmosphere of violence that seems to pervade our land."

## Military Academy Deserves Credit

For many years I've attended the Memorial Day services at the courthouse in San Rafael, including the recent one, May 30. And I have read the I-J's story on such services. Not once in all these articles do you mention that buglers from the San Rafael Military Academy take part in the services, sounding attention and blowing taps.

What's wrong? Don't they deserve the same recognition the other participants get in your paper? . . .

CHARLES A. HENRY

**(Editor's note: The Independent-Journal regrets the oversight. The San San Rafael Military Academy's fine buglers, band, and marching units participate in many patriotic events and much credit redounds to the cadets, their school, and the community from their performances.)**

## Bottleneck Needed To Keep People Out

The same factors which you cite as making "a Marin commuter's mouth water" may also contribute to the conservation of our water resources and the protection of the already abused property-owning tax payer.

Starting with your premise that the attractiveness of Marin is increased as the commute time is decreased, coupled with the recognition that the average age of the potential work force is also decreasing — hence less accumulated capital reserves— it is possible to visualize an accelerated influx of young suburban commuters. . .

The effect of this economic phenomena would be an increased demand for high-rise rental units and cluster housing without a broadening of the property tax base. We could anticipate a greater proportion of children and a glutting of planned recreation and educational facilities which cannot be justified or accomodated by the tax derived from multi-family dwellings.

The better approach is to tolerate the Sir Francis Drake bottleneck, maintain the current crawl over the Waldo Grade and accept the greater commute time differential as a tribute exacted for the preservation of our idyllic attraction.

## Nation Dying Of Dollar-Worship

We have three teen-agers who are considered wholesome, but along with them, we wonder that more young people don't turn to drugs, flowers, or grass, when the hypocritical public of voting age endorses money, materialism, or empty oratory. Not much in our society would make young people want to emulate it.

I'm not easily disillusioned. But in our local Tiburon, our county and our state and national elections, the candidate who spent the most won. Locally the five came in in exact order of money ostentatiously spent. Has the world gone money-worship mad?

Even at nursery school level, the sickness creeps in: at a meeting today of Marin nursery directors, and "executive director" of several schools said, "my parents have their cancelled checks and that's all they need" when happy parent mementos and relationships were mentioned!

The sickness of materialism is infecting us all and the nation appears to be spiritually sick (today's assassination). How many cc's of values and integrity do we need pumped into our U.S. bloodstream and who will administer? I'm afraid it's a do-it-yourself healing job and that most people don't care about signs of national or local illness as long as their vital organ, the pocketbook, appears healthy.

Once a mal-doer brought before an old Quaker judge excused himself on the grounds that the world was rotten and he would be decent if everyone would be. The quiet judge responded, "I see, it is that thee wants the world to be good, but thee wishes to be the last one to be good." The generation gap doesn't grieve me; it's the gap between ethics and actions.

## Shots Help Kill American Dream

Another significant tradgedy of the year has occurred, when one of this nation's prospective heros — or perhaps more aptly, adherents to public honesty — was slain. Mr. Kennedy's plight was the plight of all of us, as was the death of Dr. Martin Luther King. Is there no day left when courageous men can step forth and be recognized as great leaders and statesmen, without fear of recriminaton? How can we ever expect the American Dream to become a reality, no matter how ideal, when its very proponents are destroyed at the slighest whim?

"I have a dream!" cried such a leader. This dream is to be detained; all of us, no matter what our ethnic or political backdrops, will answer. And when we seek out our very consciousness in honesty, the dream may be found. But we have the system. White system. Indian system. Black system. Northern system. Southern system. Vietnam system. Each of us is a part of the system. When each of us joins hands to overhaul the system, we can perhaps someday say, "We have overcome."

I don't have the solutions. If I did I would have been shot in place of Dr. King or Mr. Kennedy; for it appears that those persons with the more reasonable solutions, with the greater influence on the daily lives of the nation, are the ones who inevitably suffer — and then perhaps may be relieved by death. But each of us can do a little, until the dream is found. But Utopias are hard to come by . . .

## Political Signs And Old Traditions

Because of ill-feeling that developed during the recent campaign between some of my supporters and some of Mr. (Donald J.) O'Leary's supporters over the putting up and taking down of signs, I think it important to get the facts straight.

All the campaign signs put up within the right of way of Tiburon Boulevard were illegal. They were erected without the required permit either from the county or the city. . . .

To be sure it is an old political tradition for candidates to put up signs, with or without benefit of the law. It is also an old political tradition for the opposition to remove the signs if it can. It would seem to me that the matter should have been, and should now be left at that.

# TRY AND STOP ME

By BENNETT CERF

One starry summer night, a dashing young blade hoisted his date into one of those hansom cabs opposite New York's Plaza Hotel and ordered the hackie, "Drive us to Staten Island." "Nothing doing," demurred the hackie. "That means a long ferry ride over and back—and my horse gets seasick."

It was a raw, windy November day, but a foursome of rugged senior citizens had no intention of letting that hold up their match. Off the first tee they drove, stopping after each shot for a nip at their flask. By the 18th green they were so fried they could scarcely stand. They were also all even. The match depended on whether or not one of the inebriated antiques could sink a long, uphill putt. Just then, a great big dog dashed out of the caddy house, burst straight between the old gentleman's legs, and disappeared into the bushes beyond the green. Ignoring the interruption, our hero smacked his putt straight into the cup.

"What a man!" enthused his partner as they made their way uncertainly to the locker room. "He sinks a tough putt like that even though a big dog dashes between his legs."

The old man gasped, "Great heavens! You don't mean to say that was a real dog!"

## Great Power Of Gun Lobby Survives Even Assassination

WASHINGTON — There can be nothing but horror over what happened in Los Angeles. The horror is compounded by the fact that after each of the terrorist acts casting such a dark shadow over America — John F. Kennedy, Martin Luther King Jr., and now Sen. Robert F. Kennedy — nothing of any real import is done to try to cure the causes.

The real shocker is that one powerful lobby, the National Rifle Association, representing a rich and profitable industry, can prevent passage by Congress of a law putting genuine curbs on the indiscriminate sale of guns. A gun law is no guarantee against assassins. This is the drumfire of the propaganda of the rifle association.

But a really strong law, such as every western nation except the United States enforces to try to insure that guns are not in the hands of hardened criminals and the insane, would be some protection.

**A RECENT** careful appraisal put the minimum number of guns in private hands in this country at 50 million and the maximum at 200 million.

How this incredible arsenal is to be brought under any semblance of restraint is hard to see. Part of the propaganda of the gun lobby is "the right of Americans to bear arms." Those words in the Constitution are completely irrelevant to the wholesale distribution of guns by every channel. So is the romanticized claim of the hunters to the unrestrained right to possess weapons. Under any reasonable gun law, legitimate hunters would be licensed.

Part of the incredible arsenal, as police action in New York, Missouri and California has developed, is in weapons of mass destruction that are also available from the gun merchants. These have been shown to be in the hands of the Minute Men and other extremists on the right, as well as in the possession of black militants.

**HERE, IN SHORT,** is a prescription for guerrilla warfare. What is truly incredible is to hear the principal voices of the gun lobby in the Senate, such as Sen. Roman Hruska of Nebraska, inveigh against the smallest restrictions on the mail-order sale of rifles and shotguns.

Again and again in the aftermath of this latest resort to violence at the highest political level the word "sick" came out in the comments — a sick society, a sick nation. The alleged assassin, wandering through the crowd celebrating Kennedy's victory in the California primary with a gun in his pocket, must be sick. If nothing else, he was sick with the virus of irrational hatred coloring so much of America's political life.

If the arsenal of weapons of destruction is incredible in its dimension, one must ask how many sick people are wandering our cities with the means of instant death.

**A MELANCHOLY** footnote to the tragedy is that Kennedy's presence in the campaigning in the streets stirred such violent emotions. This was a kind of irrationality having little to do with issues. It was a politics of hysteria, with hundreds of followers pursuing his car and clutching at him. There can be no safety, no security, for a candidate campaigning in that fashion.

The whole nature of the presidential campaign has been altered by the tragedy. Those who have been calling for a hard line on crime in the streets and violence, notably Richard Nixon, will now feel that their view has been reinforced by the lastest evidence of what violence can mean.

The immediate response is likely to be a demand for repressive measures. The causes and the cures for violence and crime — for a sick society — will be buried in a reaction of fear and repression. And in this light no one can say where the violence will end.

# Secret Talks Only Hope For Vietnam Solution

By ROBERT S. ALLEN

WASHINGTON — Hope of getting anywhere in the so-far-fruitless Vietnam peace talks rests primarily on one thing—private deliberations.

Until and unless Hanoi's emissaries will meet in unpublicized sessions to seriously discuss substantive issues, the Paris negotiations will continue to be merely propaganda antics. Secret conferences offer the only prospect of accomplishing.

The chances for that are wholly conjectural.

To date the Communists have been completely unresponsive to all efforts to arrange such get-togethers. They have blandly shrugged off repeated overtures and soundings.

Whether the appearance of Le Duc Tho, seventh-ranking North Vietnam Communist, means a change in attitude remains to be seeen. It's anyone's guess—and Ambassador Averill Harriman is warily not making any.

The head of the U.S. delegation has reported to President Johnson there has been no clues as to what Tho is up to—if anything.

His widely publicized attendance in Paris may be just another diversionary stratagem to stall for more time while Hanoi further escalates its build-up and ferociously destructive fighting in Saigon and other population centers in South Vietnam.

**PREPARING** for trouble —A battalion of military police and other units of the District of Columbia's National Guard have been quietly ordered to active duty starting June 16—expiration date of the permit for the "poor people's" shanty-town near the Lincoln Monument.

Also directed to be ready for duty in the capital then is a battalion of airborne troops stationed in nearby Fort Meade, Md., since the costly April riots.

The unannounced National Guard call-up is being masked in the guise of a training exercise. Significantly, it not only starts June 16, when presumably the Poor People's camp is to be vacated, but extends to June 24, well past the June 19 date proclaimed by Bayard Rustin, veteran organizer of mass turnouts, for a "massive national mobilization" in Washington.

So far, the White House has given no indication what will be done about closing down the Poor People's camp. Congressional leaders who have made inquiries have been told no decision has yet been reached.

Leaders of the "Poor People's Campaign" are truculently declaring intention to resist eviction. They avow determination to remain in the capital until Congress meets their demands.

There isn't the remotest chance of this Congress enacting the demands of the demonstrators.

## Highway Issue Proved Winner In Upset Victory For Arrigoni

Peter Arrigoni of Fairfax pulled the biggest upset in last Tuesday's election.

Any win over a tough and energetic campaigner like Ernest Kettenhofen would have been an upset, but Arrigoni's margin of victory was almost unbelievable.

Consensus around here is that the young campaigner from Fairfax used the Highway 17 (east-west connection between Highway 101 and Point Reyes) question to full advantage. He pounded away on a popular theme — no freeway through San Anselmo, Fairfax and other developed communities.

Actually, Kettenhofen had been saying the same thing and had proposed several years ago that Highway 17 should bypass developed areas and should follow the ridges. But his reluctance to have Highway 17 deleted from the state freeway and expressway system left lingering fears in Ross Valley that a freeway might come barreling through their homes.

**IN THE BATTLE** for Southern Marin supervisor, the fact that Donald O'Leary outpolled Margaret Azevedo for the runoff with Michael Wornum was a mild surprise.

Supervisor Tom Storer showed up quite well, considering the professional and well-financed campaign mounted against him by Bud Baar of San Rafael. With the amount of money spent by Baar to saturate the district with signs and last-minute mailings, including "personalized" telegrams, we figure Storer did well to win 49 per cent to Baar's 43 per cent.

The runoff in November ought to be a close one.

**MORALE IN MARINWOOD** was buoyed considerably by the favorable vote on the tax rate increase. It was a vote of confidence in the community service district and the energetic recreation department. The only sour note comes from those who feel that the CSD itself did not campaign actively enough for the tax increase.

**THE EXCITEMENT** of an election and the elations and disappointments that follow were all overshadowed by the shock of another public assassination.

It's getting so that you wait in fearful anticipation of some tragedy every time you watch a major political rally or speech on television.

The 1960s has turned out to be a black decade in American politics. Individuals who feel aggrieved take the law into their own hands and resort to the bullet instead of the ballot.

It's shocking and frustrating to realize that a nation that professes to be the leader of the civilized world is helpless against the rash and senseless acts of a few deranged individuals armed with rifles and handguns that are accessible to anyone who can fork a few dollars over the counter or send a money order through the mail.

## Lincoln Avenue Store Plan On Agenda For Commission

Architectural approval of a 1,680-square-foot store proposed for construction at 911 Lincoln Avenue is on the agenda for the San Rafael Planning Commission meeting at 7:30 p.m. tomorrow in city hall.

The applicant, D. C. Associates, proposes a covered mall connecting Lincoln Avenue with the city parking lot at Third and Cijos streets. The store would have a glass and brick front.

Charles J. Linthicum, acting city planner, said the firm proposes to lease the store for retail use.

Also on the agenda is architectural approval of addition of six apartments to two fourplexes, three to each fourplex, at 10 through 16 Warner Court, resulting in a total of 14 units on two parcels. Steele Holman, the owner, is the applicant.

The commission will be asked to approve conversion of a duplex into a fourplex, and other exterior alterations at the same location.

## Apartment Burglar Gets TV, $15 Cash

A portable television set and a glass jar containing $15 change were taken in a burglary from a San Rafael apartment Friday.

Norman H. Ellisor of 1825 Lincoln Avenue, San Rafael, said the burglary occurred between 9 a.m. and 3 p.m. yesterday. Police said entry to the home may have been gained by forcing open the front door.

## College Group Sets Election

Election of six members of the College of Marin Foundation board of directors will be held today at 8 p.m. in Room 134 of the fine arts building on the College of Marin campus in Kentfield.

Six incumbents have been nominated for new three-year terms on the 18-member board. They are Fred Enemark, Jess France, Dewart Lewis, Robert Soderblom, Ellis Stephens and Byron W. Leydecker.

Also on the agenda are a report on scholarships awarded this year and results of the annual fund drive.

The average gestation period for cows is 284 days.

## *The United States: Insane Asylum Where Patients Have Taken Over*

WASHINGTON — To the rest of the world the United States must look like a giant insane asylum where the inmates have taken over. The guards are gone, the doors are open and everyone thinks the other person is sick.

Except for the charity wards where the people are all shoved together on top of each other, the rest of the asylum couldn't look prettier. The buildings are all new and shiny, the equipment is the most modern in the world, the grounds are green and decorated with flowers. To look at it from the outside, you would think it is the ideal spot on the globe.

But inside, the patients are running amuck and no one seems to know what to do about it. Every time a doctor is called to suggest a remedy for the chaos, the residents of the hospital shout him down. Besides, they believe anyone who is trying to come up with new cures for their sickness must be crazy himself.

**THE UNITED STATES** is a very special type of insane asylum in that all the inmates are permitted to have guns. These guns are sold right in the hospital or can be ordered by mail because when the hospital was built in 1775 the founders wrote it into the rules. Every time someone wants to change the rules, the gun-loving inmates cry that they only want the guns to kill animals during their recreation periods.

The people who live on the Hill and represent the inmates are afraid to do anything to offend the armed inmates, so they ignore the problem until there's a killing in the hospital, at which time they all express horror that the inmates should be allowed to walk around with guns.

Then they forget about it until the next tragedy comes along.

**DESPITE ITS BEAUTY** and size there have been many injustices committed in the asylum against the patients. For 100 years, the black patients were kept in isolation wards and only permitted out to scrub the floors. They got no treatment from the white doctors until recently when they became violent and insisted that if they were patients in the asylum they wanted the same rights as the other inmates.

The administrators of the asylum have belatedly sought to improve the lot of the black patients, but there has been a reluctance amongst the other inmates to pay the bill, particularly since the asylum is supporting so many other insane asylums around the world.

Up until recently the hospital was a model for all other hospitals. But in the '60s people everywhere have been watching it with horrod and despair.

**THE MORE AFFLUENT** the hospital becomes the sicker the patients behave. The remedies prescribed for thei llnesses are always given too little and too late. And as in all insane asylums, every person thinks the other patient is the one who should get the treatment.

Nobody knows how many more doctors the patients will shoot, nor how long the asylum will survive before the inmates destroy it once and for all.

## City-County Unit Has No Agenda

The City-County Services Committee will meet at 8 p.m. today in Room 413 of the Civic Center, although county Administrative Analyst Michael Chrystal said there is nothing on the agenda yet.

The committee is composed of Supervisors Ernest N. Kettenhofen and John F. McInnis, Mayor Alfred J. Malvino of Larkspur and Councilman Douglas M. Merrill of Novato. Kettenhofen is chairman.

At the last meeting on April 22, members discussed the possibility of a countywide investigation bureau for major crimes, and coordination between cities and the county on undergrounding of utilities.

## Larkspur Motorist Charges Hit, Run

Dennis Richard Williams, 145 King Street, Larkspur, was booked on a citizen's complaint of hit and run Saturday after an accident earlier in Corte Madera.

He was released on bond of $289 and was scheduled to appear in Marin Municipal Court at 1:30 p.m. today.

Corte Madera police said a car owned by Del Blackburn of 33 Montecito Drive, Corte Madera, was struck and Blackburn reported the license number of the car, which allegedly fled. The accident happened at 3:10 a.m. in the Speedy Mart parking lot on Montecito Drive.

**Attention parents: these students read all these books in one semester!**

**Come to a Reading Dynamics Demonstration and find out how they did it.**

These students from St. Pius High School are posing with the stacks of books they were able to place into their heads in only one short semester. Brains or mental freaks they're not. Just average teenagers who were taught to read over 1500 words a minute or better. Your son and/or daughter, or you, can learn to read that fast too. To find out how, why don't you bring your youngster to a Reading Dynamics Demonstration?

At the Reading Dynamics Demonstration you will see a documentary film with endorsements from men in high public office who have taken the course. You will hear an interesting lecture after which you'll join the audience in asking questions about Reading Dynamics. You'll be reassured to discover that Reading Dynamics is no mere refined skim reading technique, but a comprehensive program of reading improvement and study skills.

**Reading Dynamics really works.**
**Let's let the dynamic readers from St. Pius High speak for themselves:**

TIMOTHY SCHUM, "I was once a 150 word per minute weakling, but now I'm a 5,000 word per minute muscleman. The Reading Dynamics study method has made high school easier and more fun than it ever was."

DANA FELLMAN, "It really works! Reading Dynamics helps in long reading assignments and homework."

MIKE H. "DUTCH" TUCKER, JR., "If you wish to not only make better grades, but have your homework become several hours shorter, I recommend Evelyn Wood Reading Dynamics. I can read at least two books a day—better and faster."

MARY SUE WALSH, "The Reading Dynamics course includes a beneficial study method and helps in taking essay tests. Reading Dynamics makes it easier to capsulize your thoughts, organize your writing, and study large amounts of material for exams in a shorter time."

STANLEY CHAVEZ, "Reading Dynamics sure helps when you're doing homework. You enjoy reading a book without falling asleep. I like to read now—before I didn't."

TERRY HOTTENROTH, "In school I find I can write essays better due to being exposed to more styles of writing. On tests I don't have to cram—studying goes faster. My grades have gone up and now I do much more outside reading."

**The success of this class can best be summed up by their teacher:**

MISS JEANETTE FRENCH, "In previous years my U. S. History class would have covered the material through the Reconstruction period by Christmas. The Reading Dynamics group, in contrast, has completed the entire history text by this time. What fascinates me as a teacher is that the Reading Dynamics and study skills they have been taught have increased the quality of their understanding tremendously. They are learning much more and enjoying the learning."

If you would like to hear comments like these from your son or daughter, start by bringing them to one of the free Reading Dynamics Demonstrations listed below. Find out how Reading Dynamics can send your teenager back to school in September a much better student with a marvelous new skill that will serve him the rest of his life.

THE BOARD OF SUPERVISORS OF THE COUNTY OF MARIN DO HEREBY ORDAIN AS FOLLOWS.
SECTION 1. Chapter 13.14 is hereby added to the Marin County Code to read as follows:

**Chapter 13.14**
**Driveways and Driveway Culverts**

13.14.010. **Public Nuisances.** The following are, for the purposes hereof, defined to be public nuisances and may be removed or corrected as hereinafter provided:

## Supervisors Due Commute Tax Letter

Marin County Supervisors tomorrow morning will consider a draft letter to be sent to their San Francisco counterparts stating their opposition to Mayor Joseph Alioto's proposed commuter tax.

Auditor-Controller Michael Mitchell, who spoke against the tax before the finance committee of the San Francisco Board of Supervisors Wednesday, will offer the letter.

The Marin board will also discuss a federal commitment to provide $105,000 for a leased housing program for 100 needy Marin families.

The housing units are likely to be split about evenly between elderly citizens and younger needy families, according to Supervisor Peter H. Behr. He said that if the program is implemented quickly the federal grant to the Housing Authority of Marin may be doubled.

The supervisors will meet at 9 a.m. in the Civic Center.

## Burglar Escapes With $83 Cash

A total of 83 dollars in coins was taken from a Marinwood home by burglars, Marin County sheriff's deputies reported Saturday.

David Cunningham, 94 Blackstone Drive, said he returned from a shopping trip Thursday afternoon to discover burglars had taken one jar containing $33 in dimes and $15 in half dollars and a second jar containing $25 in half dollars.

Entry was gained, officers said, by removing a pane from a wondow in the master bedroom at the rear of the home. One of the jars which had contained the stolen coins was found in the rear yard of the Cunningham home.

# Confusion, Bitterness In Baseball World

By ASSOCIATED PRESS

Several players might be fined and at least one looked today to be traded following the confusion and bitterness left by major league baseball's scattered attempts during the weekend to mourn the death of Sen. Robert F. Kennedy.

To play or not to play was the problem, and Commissioner William Eckert left the solution to the individual clubs. As a result, five games were postponed Saturday, three yesterday. Saturday afternoon games were set back to night games to start after Kennedy's funeral, but four of those five games ignored the delay in the funeral and started well before the burial, causing disputes and late starts.

One such dispute led to the resignation of Milt Pappas as the Cincinnati team's player spokesman and Pappas said his "days with the club are numbered." Another led to the possible fining of Rusty Staub and Bob Aspromonte of Houston and Maury Wills of Pittsburgh for failing to appear for yesterday's game.

"A number of things have come up besides the Sen. Kennedy situation. A change would be better for all concerned," Pappas said.

His resignation followed an argument with Manager Dave Bristol over whether the Saturday game against St. Louis should be played because of the funeral delay. The game started 45 minutes late after being rescheduled to a night game.

Houston postponed one game of its doubleheader against Pittsburgh and delayed the start of the other to 9:30 p.m., EDT, still before the funeral.

New York Mets players voted not to play against San Francisco Saturday, and the game was postponed when the club backed them up. There was a rumor that Vice President Chub Feeney of the host San Francisco club would sue the Mets for $80,000 losses caused by the postponement. But Feeney denied it and said no such consideration was given.

The New York Yankees immediately postponed their game against the California Angels after Mayor John Lindsay declared Saturday a day of mourning for New York City. The Chicago Cubs also called off their game against Atlanta and Washington postponed its contest against Minnesota.

Yesterday, Oakland's doubleheader at Baltimore and the Chicago White Sox' game at Boston were postponed.

But a dispute arose in Houston when Staub, Aspromonte and Wills failed to show for the Houston-Pittsburgh game.

Houston player representative Dave Giusti said his team voted to play the game on the national day of mourning only because of "very definite economic pressures" from General Manager Spec Richardson. The Astros earlier had voted not to play.

An earlier report said that any Astros who didn't play would be fined $3,000. Richardson said he knew Staub, hitting .320, and Aspromonte would not play.

"I haven't decided what action I'm going to take, but I haven't contemplated anything that would keep them from playing ball."

On Wills, Pittsburgh manager Larry Shepard said a possible fine "will be up to Joe (General Manager Joe Brown)."

But with all the turmoil, baseball games in eight cities yesterday drew 259,862 people, including 56,614 in New York and 52,938 in Detroit for bat days and 33,977 in Washington for a benefit game for the Children's Hospital.

ESCAPE FROM A FUNERAL PYRE — Bay Darnell dashes from his flaming smashed race car after a three-car accident during the 150-mile Rex Mays Classic in Milwaukee. The crash claimed the life of Ronnie Duman (in car 81) and sent Darnell and Norm Brown to the hospital. (AP Wirephoto)

# Ron Duman Dies In Flaming Crash

MILWAUKEE, Wis. (AP) — Death waited less than three minutes for Ronnie Duman yesterday. It claimed him at the south wall at the start of the third lap in the 150-mile Rex Mays Classic automobile race.

The race, won by Lloyd Ruby of Wichta Falls, Tex., continued after Duman, 36; Norman Brown, 31, who was critically injured, and Bay Darnell were taken to a hospital. Darnell escaped with relatively minor burns.

But the south wall bore the scars of the flaming crash — which injured six spectators — and Duman's young son, Dick, sobbed unconsolably at his mother's side.

A native of Dearborn, Mich., Duman began as a stock car driver in 1951. He was severely burned at the Indianapolis 500 in 1964. The same accident claimed the life of drivers Eddie Sachs and Dave MacDonald.

Just before yesterday's race, Duman met a newsreel photographer who helped rescue him from that fire. "Sure I remember you," he reportedly told the cameraman. "You're my best friend."

Duman, a friendly man who wore the scars of that accident on the left side of his face, finished sixth in the 500 last month, his best showing in eight years of trying for the big prize.

"You couldn't find a nicer guy," said Johnny Rutherford, who finished fourth in the race yesterday. "He was dedicated, hard working, intelligent and careful. It's a darn shame."

Duman, Rown and Darnell, who began the race far back in the pack of 24 cars, came together in a searing crash as the field jockeyed for position just seconds after the fall of the green flag.

Duman's car sailed off the asphalt, overturned in the air, and shattered against the wall. His helmet, split by the impact, rolled away as Brown and Darnell also converged on the wall.

Darnell broke out of his cockpit before the flames swept over him. Brown struggled to get free but couldn't. Duman sat motionless. Rescue teams pulled him clear, but Brown's legs were pinned inside the crumpled cockpit.

A cry of anguish and horror rose from the stands.

The orange of the flames turned to a smoky white as firemen poured chemicals on both Brown and his car. Firemen finally freed Brown.

Brown, 31, like Duman, the father of two children, drove in nine championship races last year and finished 25th in the U.S. Auto Club standings.

The race had been billed as a further test of Andy Granatelli's turbines against the orthodox Fords and Offenhausers. But a turbine driven by Art Pollard was black flagged to the sidelines on the 64th lap when a judge ruled it was leaking oil.

A second turbine, driven by Joe Leonard, went to the pits after losing a wheel on the 38th lap.

## Charge Of Assault On Woman

LOS ANGELES (UPI)—Jimmy Brown, once one of professional football's greatest stars, was arrested last night after police found a young woman lying seriously injured under his apartment balcony.

Police who responded to a call from neighbors reporting a fight in the apartment said they found blood on the bedroom and bathroom floor.

**BOOKED**

Brown, 32, who as a fullback for the Cleveland Browns gained more yards than any other runner in professional football history, was booked on suspicion of assault with intent to commit murder and suspicion of battery against a law officer. Sheriff's deputies said the massive Negro athlete forcibly ejected one officer from the apartment before submitting to arrest.

Brown was released early today on $12,500 bail. Formal charges will be filed at his arraignment June 13, authorities said.

**GOOD CONDITION**

Eva Marie Bohnchin, 22, of West Hollywood, the woman found below Brown's apartment, was taken to Citizens Emergency Hospital and then transferred to Los Angeles County-USC Medical Center. Her condition was described as good. She suffered a dislocated shoulder

GOLF MONOPOLY

# Casper Looking Ahead At 'Open'

INDIANAPOLIS, Ind. (AP) — Billy Casper trained his eyes on a third U.S. Open title today after a one-stroke victory in the Speedway Open Golf Tournament yesterday.

"If I can eliminate the mistakes I made here, I'll do well in Rochester," Casper said. "I had a two-week layoff since Memphis and hadn't played much but I feel good now."

The PGA's leading money winner, raised his earnings to $124,243 with a $20,000 first-prize for his fourth victory of the season.

Casper admitted Mike Hill, a 28-year-old rookie, made him play more boldly than he had wanted in the final round.

Hill, of Jackson, Mich., was playing only his second pro tourney.

Hill tried to tie Casper when the veteran bogeyed the par-5 18th hole. Hill blasted a drive and iron shots to just off the green, then chipped to three feet from the pin.

His putt attempt for a birdie curled around the cup but failed to drop and Hill ended with a par.

Casper finished with two-under-par 70 and a 72-hole score of eight-under-par 280. He had won the Speedway Open in 1962 and 1966.

Hill, with 75, and Speedway defending champion Frank Beard, who rallied with 68, tied for second place at 281.

Two oldtimers tuning up for the U.S. Open—Sam Snead, 56, and Dutch Harrison, 58—were in a five-way tie at 282 with Lou Graham, R. H. Sikes and Fred Marti.

Snead shot 73 and Harrison 72 in the final round. Graham had 70, Sikes 71 and Marti 71.

There was a brief service before the start of the final round in memory of the late Sen. Robert F. Kennedy as part of the national day of mourning.

Casper said he didn't know he had a two-shot lead over Hill going into the 18th hole.

"I thought it was one shot and I would have played safe," he said. "I was going for the green with my second shot but it didn't work. I was fortunate."

Casper's second shot landed in a creek bank. He took a one-shot penalty to get the ball on level ground and finished with a bogey.

Hill flunked the PGA's rookie school twice before passing. His first tournament was at Memphis where he failed to survive the cut for the last two rounds. He also failed to qualify for Atlanta last week.

**Ron Cerrudo of San Rafael won $561 for his 72-hole total of 290 which included rounds of 74-69-73-74.)**

Dr. David Grey scored a hole-in-one at the Meadow Club golf course in Fairfax Saturday. He used a four iron to register his first ace at the 172-yard fifth hole.

GIANTS SWEEP TWO FROM METS

# Pirates Invade Candlestick Park

SAN FRANCISCO (AP)—Ron Hunt's knack of getting on base and some typical heroics from Willie Mays and Mike McCormick have shaken the San Francisco Giants out of their week-long doldrums.

Hunt reached base seven times, Mays smashed his 11th game-winning hit of the season, and McCormick bounced back from adversity with a six-hitter as the Giants swept the New York Mets 5-4 and 4-1 in a Sunday doubleheader.

**VIRTUAL TIE**

The two wins, coming after the club had dropped seven of its last nine games to fall from first place, lifted the Giants to a virtual third-place tie with Atlanta.

San Francisco opened a four-game series with Pittsburgh today at Candlestick Park.

Hunt was 3 for 5 in the second game and reached first on a fielder's choice as the Giants scored all their runs off loser Don Cardwell, 1-7, in the first two innings.

McCormick, now 5-7, picked up his first win after three straight defeats and reverted to his 1967 Cy Young Award form by scattering six singles—never more than one in an inning—and striking out 10 batters.

The Giants won the opener in dramatic fashion, twice overcoming Mets' leads. Kevin Collins' single off starter Gaylord Perry made it 4-3 for New York in the eighth.

**KOONCE BATTERED**

That appeared to be enough to give Mets' southpaw sensation Jerry Koosman his 10th win of the season, especially since crack reliever Cal Koonce was finishing up for New York.

Koonce, who had allowed only one earned run in 27 2-3 innings, survived trouble in the eighth, but was battered in the bottom of the ninth.

Pinch hitter Ty Cline led off with a single. After pinch batter Jim Davenport struck out, the pesky Hunt singled on a 3-2 pitch. Pinch batter Dave Marshall struck out, but Willie McCovey and Willie Mays came through with run-scoring singles to pull it out.

**2-0 LEAD**

Cleon Jones' double, a pair of walks, J. C. Martin's run-scoring grounder, and Ed Charles' sacrifice fly gave Koosman a 2-0 lead in the first. Doubles by Koosman and Art Shamsky added a run in the third.

Bob Barton's run-scoring double gave the Giants their second unearned run in the fourth inning, and Mays walloped his 11th home run of the season in the fifth for the tie.

Mays' blast tied him with teammate Jim Hart for the league lead and was his 1,133rd extra base hit—fifth on baseball's all-time list.

Perry was lifted after Collins and Shamsky singled in the eighth. Joe Gibbon walked pinch hitter Jerry Grote and Fran Linzy now 3-5, came in to pitch hitless ball the rest of the way. Koonce, 0-2, was the loser.

Marshall's single, McCovey's double, an intentional walk to Hart, and Jack Hiatt's bases-loaded walk gave the Giants a 1-0 lead in the first inning of the nightcap.

Singles by Hunt, Cline and Hart, and another bases-loaded walk, highlighted the three-run rally in the second inning. Al Weis' walk and Phil Linz' two-out single scored the Mets' run in the third.

# San Rafael Nine Wins Twin Bill

It took a balmy Sunday to land the Crabs but as a result the Litchfield Braves are back in the driver's seat after a momentary two-day relapse.

The Braves of San Rafael skinned the Eureka Crabs twice yesterday, 2-1, and 7-5, to push their Western Baseball Association record to 5-2 and break a two-game losing skid.

The Crabs had tacked the Braves with their second straight loss Saturday, knocking out Ben Burch on a nine-run barrage and going on to win 11-6. The Braves had lost to the Santa Rosa Rosebuds Friday, 1-0.

Some 300 fans watched Ron Cole spin a three-hitter in the opener yesterday at San Rafael's Albert Field, as the Braves evened the series at 1-1.

The Braves came back from a 2-0 deficit in the nightcap, tying it on Tom Corder's two-run double and going on to win, 7-2, as Doug Wilson got his first hit of the league season, a grand slam home run in the sixth.

Ron Gasper had belted a homer for the Braves Saturday.

It's an off day today for the Braves but the Bellingham Bells come into town tomorrow for a single game at 8 p.m. and a twilight doubleheader Wednesday. The three Albert Field games are free of charge.

# Athletics Take Juggling Act To Cleveland For Four-Game Set

CLEVELAND (AP) — The Oakland A's take their juggling act to Cleveland Municipal Stadium tonight, hoping to balance their 2-4 record on the current road trip.

A's Manager Bob Kennedy, jokingly greeted last week with "Dr. Shakewell, I presume," sends Lew Krausse, 2-6, to the mound against Stan Williams, 4-3.

Kennedy rarely starts the same lineup two days in a row, and he's glad to list the reasons.

One reason is injuries. Among those sidelined have been Jim Pagliaroni (twice), Rick Monday, Mike Hershberger, Joe Rudi, Phil Roof and Floyd Robinson.

Another factor, says Kennedy, is the upcoming draft by the expansion clubs, Seattle and Kansas City.

"It's good sense to look at all the players on our roster whom we possibly can," says Kennedy, "without hurting ourselves.

"We don't want to put a guy up for grabs without giving him a chance to show us whether we could anticipate his helping the A's."

Still other factors are slumping hitters, which have been benched, and lineup changes dictated by whether the opposing pitcher is right-handed or a southpaw.

"Remember, too, this is an extremely young club and you relieve some pressure by setting down a sprout ounce in a while when he's wound up a bit too tight," says Kennedy.

Keeping the A's around the middle of the American League race, says Kennedy, are those "fine young arms" everyone is talking about.

COMBINED AP & UPI

TROON, Scotland (UPI) — Englishman Michael Bonallack is in select company.

Bonallack won the British Amateur golf championship Saturday for the third time in seven years, defeating another three-time winner, Dublin's Joe Carr, 7-6 in the 36-hole final over the old Troon course.

The 33-year-old Walker Cup player's winning margin was the widest since Carr himself last won in 1960 with an 8-7 win over Bob Cochran.

The win established Bonallack as the top amateur golfer in Britain this year. He already has won the English match-play and stroke-play titles.

and superficial head injuries.

A sheriff's office spokesman said officers did not know what happened in the apartment.

"Only Brown and the girl know and they aren't talking," he said.

Brown made no statement when he was released.

Police said they found Miss Bohnchin on a concrete patio about 15 feet under Brown's second-floor apartment.

ON PATIO

Police said Brown was "very belligerent" when they first arrived and he threw one officer out of the apartment bodily before allowing them in.

Brown, who won the National Football League rushing title eight times, retired before the start of the 1966 season to become an actor. He has been in "The Dirty Dozen," "Ice Station Zebra" and "The Fortune Cookie."

In June 1965, Brown was accused of assaulting an 18-year-old girl. He received a jury trial and was acquitted.

His wife and two children live in Cleveland.

FROM ARIZONA

Brown had returned to Los Angeles Friday from Casa Grande, Ariz., where he had filmed "The Riot."

He won the NFL rushing title from 1957 through 1965 except for 1962. He won the Jim Thorpe Trophy in 1958 and 1965 as the top player in the league and in 1963 he and Y.A. Tittle of the New York Giants jointly received the Thorpe trophy.

# Marin Netters Triumph

Five Marin County players won first round matches over the weekend and advanced to the quarter-finals next Saturday and Sunday in the West Coast Junior Tennis Tournament at Del Norte Tennis Club in Sacramento.

In 16 and under class, top-seeded Mike Machette of Belvedere breezed past Chip Fischer of Palo Alto, 6-2, 6-2; Dary Auerbach of Belvedere downed Hollie Hill of Los Altos, 6-2, 6-1, and Sharon Walsh of San Rafael beat Ann Kiyomura, San Mateo, 6-2, 6-0.

Ann LaMott of Tiburon advanced the.in the 14 and under class with a 6-1, 6-2 victory over Pam Richey of Sacramento.

# Top-Flight Pro Soccer Exhibition Draws 22,522 In Oakland Coliseum

OAKLAND (AP)—Rudi Gutendorf, coach of the St. Louis Stars soccer team, wasn't impressed by Oakland's 3-0 win over Manchester City of England.

His own team, a 3-1 victim of Dunfermline Athletic of Scotland in the second game of yesterday's exhibition doubleheader, will test Oakland Wednesday night.

A crowd of 25,237 saw the games and the total beat the 22,522 at the San Francisco Giants-New York Mets baseball doubleheader across the bay.

Contrasting opinions were offered by the Oakland and Manchester City coaches.

"I don't think this will go down in history as a classic," said Joe Mercer, whose Manchester City Citizens go to Mexico City seeking their first win against three ties and three losses on the tour.

"It was an excellent game, but it would be very difficult to play in their league," said Oakland coach Dr. Alex Obradovic.

"We made just an effective performance against a complete team as Oakland did against an incomplete team," said Gutendorf.

"Manchester City was shorthanded and in our game we played with five inexperienced boys just so they could get experience. And we had to borrow two players from the Clippers. I also had to play."

Manchester City left seven of its top players at home and one player—Mike Doyle—was flown in for the game.

But he and Tony Coleman were ejected just before the first half ended, Doyle for abusive language and Coleman for taking a swing at one of the Clippers.

Mario Baesso's goal had given the Clippers a 1-0 lead and then the English team played with just nine men the rest of the game.

David Davidovic used his head to knock in a goal and Baesso added another score while the Clippers held Manchester City to only five shots on goal.

# Another 5-0 Sweep For U.S. Netters

CHARLOTTE, N.C. (AP) — The indoor acrylic fiber court of the Charlotte Coliseum may have been a factor that contributed to the 5-0 sweep by the United States over Ecuador in the Davis Cup American Zone tennis finals.

Pancho Guzman, defeated by Clark Graebner 4-6, 6-3, 6-4, 6-4 in one of yesterday's two concluding singles matches said: "I feel that I would have beaten Graebner if we had played on Clay.

"I was playing well enough. Clay would have made up to a 50 per cent difference."

The Americans were beaten 3-2 by Ecuador on clay courts in Guayaquil last year.

The U.S. team next will meet the European champion on the series of preliminary tests for the right to play defending Davis Cup champion Australia later this year.

In the second of yesterday's two concluding matches, Arthur Ashe defeated Miguel Olvera 6-1, 6-3, 6-0.

The Americans had taken an insurmountable 3-0 lead Saturday by winning the doubles as Bob Lutz and Graebner teamed up to defeat Olvera and Guzman 6-3, 6-2, 7-5.

## Novato's Legion '9' Triumphs

Third baseman Tommy Thomas' two-run homer in the eighth inning carried the Novato American Legion baseball team to a 3-2 victory over the Novato Semi-Pros yesterday at Novato.

Thomas' 325-foot blast over the left field wall came after catcher John Sjoblom opened the inning with a two-base hit.

Novato High School stars Russ Dillon and Steve McNally shared Legion pitching honors, limiting the Semi-Pros to five hits. McNally, who relieved Dillon in the sixth inning, was credited with the victory.

Second baseman Mike Ferretti made two sparkling plays for the Legion in the seventh inning to snuff out a Semi-Pro scoring threat.

## BOWLING TIPS

By DON CARTER

If your left foot and the ball arrive about six inches behind the foul line at the same time, you know your rhythm and timing are good. When either your foot or hand gets there first, you'd better practice in slow motion until you get the good form down.

# Dodgers Extend Win String To Seven

By U. P. INTERNATIONAL

Apparently nobody in the National League believes that Don Drysdale is right when he says the Los Angeles Dodgers "can go all the way"—except the Los Angeles Dodgers.

"I think we've got a great chance to go all the way," said Drysdale Saturday night after stretching his string of consecutive scoreless innings to a major league record of 58 2-3 innings. "What we really need is some hitting at the right time."

The Dodgers got just that yesterday—when they stretched their own streak to seven victories in a row with a 4-3 triumph over the Philadelphia Phillies and moved to within two games of the first-place St. Louis Cardinals. They also got it from some unexpected sources.

Paul Popovich hit the first home run of his major league career to tie the score at 3-3 in the ninth. The Dodgers went on to win in the same frame on Jeff Torborg's walk, Len Gabrielson's single and a sacrifice fly by Willie Davis.

Jim Brewer, who pitched two innings of hitless relief ball, received credit for his third victory against one loss.

The Cardinals outslugged the Cincinnati Reds 10-8 before bowing 7-6, the San Francisco Giants beat the New York Mets 5-4 and 4-1, the Chicago Cubs topped the Atlanta Braves 6-5 after a 4-0 loss and the Pittsburgh Pirates defeated the Houston Astros 3-1 in other National League games.

In the American League, the Cleveland Indians topped the Detroit Tigers 2-0, the Washington Senators downed the Minnesota Twins 6-4 and the New York Yankees beat the California Angels 8-1 and 3-2.

Dal Maxvill had a single and a double and Lou Brock a three-run homer as the Cardinals scored 10 runs in the fifth inning to wipe out an 8-0 deficit. Curt Flood and Tim McCarver led the Cardinals' 16-hit attack with three hits each.

Leo Cardenas doubled home Tony Perez in the 12th inning to earn the Reds a split in the nightcap and tag Steve Carlton with his second loss. Lee May had four hits and Tommy Helms three for the Reds.

Ken Johnson and Claude Raymond combined in an eight-hitter and Joe Torre hit two homers for the Braves in their opener but the Cubs broke a 6-6 tie in the eighth inning of the second game and snapped their five-game losing streak. Adolfo Phillips drove in the winning run by beating out an infield hit with the bases filled.

Bob Moose, 20-year old right-hander, scored his first victory of the season with ninth-inning relief help from Ron Kline at Houston.

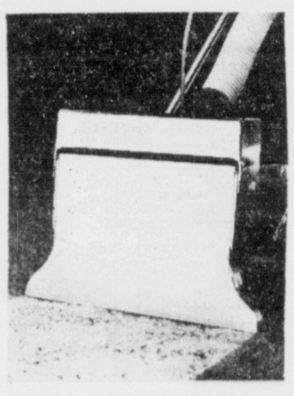
A BETTER WAY TO CLEAN CARPETS

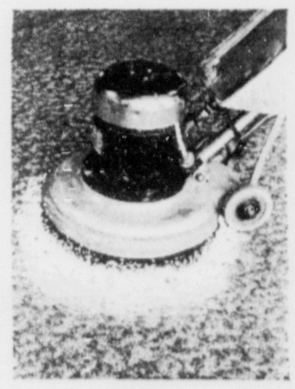
Deep Steam Wall-to-Wall Carpet Cleaning

This unique new process cleans deep and yet treats the finest carpet with loving care . . .



DEEP STEAM removes soil from both the pile of the carpet and the carpet backing. Since **no brushes or scrubbing action is used,** there is no distortion of the carpet pile. The powerful extraction action of the **DEEP STEAM** process lifts matted pile to "like new" appearance. **The need for frequent professional cleaning is reduced** because deeply embedded soil is removed and leaves no residue in the carpet fibers to collect dirt. During this cleaning operation every fiber is coated with a **SOIL RETARDANT** to keep your carpet clean longer.

The old equipment with brushes, using liquid detergent or powder, scrubs the soil **DEEPER** into the fabric . . . and even with the help of a vacuum fails to remove soil or residue. The detergent or powder left in the fabric soon attracts more soil and it is not long before the soil works back to the surface. Soon your carpets appear more soiled than before!



The advantages of **DEEP STEAM CLEANING** are obvious!

THIS DEEP STEAM PROCESS IS GUARANTEED TO BE COMPLETELY SAFE ON ALL FABRICS UNDER ALL CONDITIONS

### Never underestimate The Power Of A Lowly Seven For A Trick

Intermediate cards, such as tens and nines, often make the difference between success and failure since the higher cards usually take only eight or nine of the 13 tricks. Sometimes even a seven is high enough to be reckoned with.

**LET WEST WIN**

In today's hand, taken from H. W. Kelsey's fine new book "Advanced Play at Bridge," you let West win the first trick with the king of hearts. West shifts to the four of diamonds, and you must do some more thinking.

If the diamonds break normally, you can easily develop a long suit provided that you don't win the first trick. But what if West's four of diamonds is a singleton? In that case West is likely to be long on clubs, whch would make the club finesse a poor gamble. It is best to let East win the second trick.

But you must be sure to avoid playing the jack or ten from dummy. You must play dummy's deuce of diamonds in order not to waste the power of your seven.

**RETURNS CLUB**

East wins with the nine of diamonds and sees that he cannot gain by returning the suit. Instead he shifts to the seven of clubs. You step up with the king of clubs, draw two rounds of trumps with the king and ace, and then lead the seven of diamonds toward dummy.

West discards, and you win with the ace. Now dummy's jack-ten-eight are equals, and any diamond you lead forces East to cover with the queen. You ruff, and West cannot gain by overruffing since he cannot safely lead clubs from his queen.

**CASH ACE**

You cash the ace of hearts, ruff a heart in dummy and lead another diamond. East covers with the king, and you ruff again. West cannot stop you from leading a club to dummy's ace, after which you can discard the club loser on the good diamond.

**DAILY QUESTION**

Dealer, at your right, bids one diamond with both sides vulnerable.

You hold:
♠ Q 6 3
♥ K Q 10 6 2
♦ 4
♣ Q 10 9 2

What do you say?

**ANSWER:** Bid one heart.

You can probably win three or four heart tricks and a trick or two in the black suits even against fairly bad breaks. A bid of one heart is therefore pretty safe. If dealer opened with one spade, however, it would not be safe for you to bid two hearts.

Today is Monday, June 10, the 162nd day of 1968 with 204 to follow.

**The moon is full. The morning stars are Saturn and Venus. The evening star is Jupiter.**

On this day in history:

In 1898 U.S. Marines began the invasion of Cuba in the Spanish-American War.

In 1940 Italian Dictator Benito Mussolini declared war on France and Britain.

In 1942 the German Gestapo burned the tiny village of Lidice in Czechoslovakia after shooting 173 men and deporting women and children to concentration camps.

In 1967 the Soviet Union broke diplomatic relations with Israel after Israel announced a major victory over Syria as both Mideast nations accepted a U.N. ceasefire.

**A thought for the day: Greek author Aesop once said, "Self conceit may lead to self destruction."**

## TIME AND TIDE

Department of Commerce, United States Coast Geodetic Survey. Times and heights of tides at San Francisco (Golden Gate):

The column of heights gives the elevation in feet of each tide above or below the plane of Coast Survey chart soundings. The depths are always additive to the chart depths unless preceded by a minus sign (-), when the numbers are subtracted from the depth given in the chart. # Building Boom Seen, But Not Likely Soon

By ROGER E. SPEAR

**Q. I feel that the United States will see a massive building boom in urban areas. Do you agree? What building material stocks do you favor? — R.B.**

A. Your assumption is correct, but the big question is when? Spiraling building costs may cause a time lag in translating the undisputed need into demand.

Added to steadily increasing costs of labor, land and materials are high mortgage rates — unparalleled since 1929. These higher rates of interest not only affect costs of mortgages but also the amount of money available for mortgages. Interest rates on deposits in savings and loans associations — one of the major underwriters of home construction — are limited by law. Thus, when higher yields are offered elsewhere, there is an outflow of savings deposits and a consequent scarcity of funds for new mortgages.

However, peaceful settlement of the Vietnam conflict with the resultant decline in military spending should see an easing of the tight money situation. A boom in residential construction would then seem to be all but inevitable.

Boise Cascade, Georgia-Pacific and U.S. Plywood-Champion, all forest-products companies, receive one-third to one-half of their revenues from paper propucts. In addition to lumber, plywood and paper products, each company has, through acquisition, diversified its area of operation, thereby strengthening its respective industry position.

Two other companies, National Gypsum and U.S. Gypsum, are benefiting from the growing use of gypsum by the building trade. Gypsum is relatively inexpensive, making it particularly suitable for low-cost housing — the area of our greatest need. Although the price-earnings ratio on each of these five issues is high, three are below the levels attained in the early '60s.

I might add that the latest jump in interest rates combined with a shortage of skilled labor could cause a slowdown in housing starts in the months ahead. This in turn could be reflected in lower share price levels of representative building stocks. Therefore, delaying purchases for several months might prove advantageous.

## MARKETS TO CLOSE FOUR DAYS

NEW YORK (AP) — The New York and American stock exchanges and over-the-counter market voted on last week to close one day each week for the next four weeks to help securities firms overcome a paper work jam resulting from record trading.

The exchanges will be closed June 12, 19 and 26 — all Wednesdays — and July 5.

The Pacific Coast Stock Exchange announced that it, too, will close on those announced dates. Markets also will be closed July 4, Independence Day.

## Surf Team Sought

DURBAN, South Africa (AP) —A six member surfing team to be chosen in trials from July 6 to 8 will represent South Africa at the world surfing championships in Puerto Rico Nov. 7 to 14.

# New Stock Margins Fail To Damp Market

NEW YORK (AP)—The stock market closed mixed today after remaining on the upside most of the session. Trading was active.

Great American Holdings spurted half a dozen points in late dealings and Wall Street reports that the company was about to made an announcement.

The market showed little regard for the increase in stock market margins to 80 per cent, and late erosion was ascribed more to natural profit taking than to any conviction that the strong day-to-day uptrend would be upset by the margin action.

The ticker tape was four minutes late at the final bell.

Gains and losses were fairly even in the closing minutes.

Prices near the close included:

Great American Holdings, up 5 at 48½; Crucible Steel, up 1¼ at 39⅞; Hooker Chemical, up 1½ at 63¾; Goodrich, off 3½ at 67; Bunker-Ramo, off ⅞ at 20; American Cement, off ⅝ at 22; Du Pont, up 2½ at 162¾; Homestake, up 3⅝ at 75⅝; and IBM off 3 at 367.

Bunker-Ramo, down about a point, was the most-active stock. American Motors, a fractional gainer, ran close behind along with Goodrich, down 3 points or so after transfer of a block of 79,600 shares.

Safeway edged higher as one of the volume leaders. It sold on a block of 86,400 shares.

Xerox ran up about 5½. Ahead a point or so were Chesapeake & Ohio, Phelps Dodge, and Boeing.

## OTHER PEOPLE'S BUSINESS

By HARRY CRAFT

### Northwestern Savings, Loan Is Being Remodeled; Leases Signed

Remodeling is now under way at **Northwestern Savings and Loan Association**, San Rafael, which will cut down this company's office space substantially.

Three bays at the west end of the building at Fifth Avenue and B Street are being walled off from Northwestern's operations by contractor Al Villa and will be made into two separate office suites with a separate front entrance to the building at that end, according to plans by architects Crawford and Banning. This is half again as much space as was occupied by Trans Western Title Company before it became California Land Title Co. and moved to 810 Fifth Avenue more than two years ago.

At that time the vacated two bays were taken over and merged in with Northwestern's quarters for extra executive offices, data processing and storage space. Now, according to manager **James W. Barnett**, the room is no longer needed since most of the data processing is done away from the premises.

The subcontracted area has been leased through Ray J. Van Meter Jr. and Allen Oddie of Coldwell, Banker and Co. to two firms, **Fox and Carskadon**, now at 1435 Fourth Street, San Rafael, will move into the lower floor, occupying about 2,300 square feet, with real estate offices for the entire staff. New address will be 1210 Fifth Avenue.

The mezzanine floor will be taken over by a newly incorporated organization to be known as **Redwood Empire Insurance Agencies, Inc.** Principals in this are five well known Marin insurance brokers: **William McLachlin** and **Glen S. Roberts**, now in the Kaehler-Farrar Building as McLachlin and Roberts; **Max S. Martin**, who was 15 years in San Anselmo and recently has been at 1419 Lincoln Avenue, San Rafael; **Gene F. O'Connor**, whose present business address is 150 Forbes Avenue, San Rafael; and **Nicholas J. Dollwet**, now in the Kaehler-Farrar Building.

They have teamed up and are offering all lines of insurance—casualty, fire, life, group, automobile and so on. Offices will encompass 2,140 square feet and have an address of 1220 Fifth Avenue.

There is offstreet parking for customers of both Fox and Carskadon and Redwood, with separate entrance from the rear of the building. The offices are expected to be ready for occupancy by July 1.

**LARRY MOULTON**, who says he got involved in his present busy little **Instant Copy Center** ta 1014 B Street, San Rafael, "because of so many calls after the telephone company made a mistake" in listing his former **Community Business Services** of San Rafael at 1850 Fourth Street under Copying and Duplicating Service in the classified section, will take on a new and larger location and probably a new business name this month.

He plans on occupying the former Campion-Ward prescription pharmacy at Fourth and D Streets, San Rafael and may get moved in by the end of this week. There will be some expansion of his services, including the sale of copying papers and perhaps some duplicating equipment. New name for the business has not been decided upon but should by the time he is in his new quarters.

**FLOOR COVERING** specialist **L. C. Smith** is back in business for himself again. He has opened at 22 Woodland Avenue, San Rafael under the name of **L. C. Smith Flooring** and is doing commercial, apartment and home floor covering installations.

**INSURANCE:** The **William H. Tolson Jr.**, agency of **Equitable Life** in San Rafael led all western division agencies of the company in a recent five-week sales campaign. . . **Robert S. Phillips** of Lucas Valley, group sales director for **West Coast Life**, has returned from the annual conference of the Insurance Accounting and Statistical Association in Minneapolis, where he was a panel chairman.
